NATURAL RESOURCES CONTROL**§251.9 Management of Municipal Watersheds.**

(a) The Forest Service shall manage National Forest watersheds that supply municipal water under multiple use prescriptions in forest plans (36 CFR part 219). When a municipality desires protective actions or restrictions of use not specified in the forest plan, within agreements, and/or special use authorizations, the municipality must apply to the Forest Service for consideration of these needs.

Forest Service, USDA

§ 251.11

(b) When deemed appropriate by the Regional Forester, requested restrictions and/or requirements shall be incorporated in the forest plan without written agreements. Written agreements with municipalities to assure protection of water supplies are appropriate when requested by the municipality and deemed necessary by the Regional Forester. A special use authorization may be needed to effect these agreements.

(c) In preparing any municipal watershed agreement for approval by the Regional Forester or issuing special use authorization to protect municipal water supplies, the authorized forest officer shall specify the types of uses, if any, to be restricted; the nature and extent of any restrictions; any special land management protective measures and/or any necessary standards and guidelines needed to protect water quality or quantity; and any resources that are to be provided by the municipality.

(d) A special use authorization (36 CFR 251.54) is required if the municipality is to use the subject lands, restrict public access, or control resource uses within the watershed. Special use authorizations issued pursuant to this section are subject to the same fee waivers, conditions, and procedures applicable to all other special uses as set forth in subpart B of this part.

(e) Any municipal watershed management agreements, special use authorizations, requirements, and/or restrictions shall be consistent with forest plans, or amendments and revisions thereto.

[53 FR 27685, July 22, 1988]

§ 251.10 Prohibition of location of mining claims within certain areas in the Norbeck Wildlife Preserve, South Dakota.

The location of mining claims in such areas within 660 feet of any Federal, State or county road and within such other areas where the location of mining claims would not be in the public interest, as may be designated by the Chief, Forest Service, or the Regional Forester, of Forest Service Region 2, is hereby prohibited. The Director, Bureau of Land Management, Department of the Interior, shall be ad-

vised of the areas so designated and notices of the boundaries of such areas posted at conspicuous places in the Preserve, as well as at the county courthouses in Pennington in the cities of Custer and Rapid City, and Custer Counties and the post offices State of South Dakota.

[13 FR 3676, July 1, 1948, as amended at 48 FR 31854, July 12, 1983]

§ 251.11 Governing mining locations under the mining laws of the United States within that portion of the Black Hills National Forest, State of South Dakota, designated as the Norbeck Wildlife Preserve.

(a) Whoever locates a mining claim within the Norbeck Wildlife Preserve must, within 10 days after posting the location notice upon such claim, file a true copy of such location notice with the Forest Supervisor of the Black Hills National Forest at Custer, South Dakota, and further, within 10 days after said location notice is filed for record pursuant to the State laws of South Dakota, a true copy of the recorded location certificate must be filed with said Forest Supervisor.

(b) All mining locators shall in all developments and operations make all reasonable provisions for the disposal of tailings, dumpage, and other deleterious materials or substances in such manner as to prevent obstruction, pollution, or deterioration of the land, streams, ponds, lakes, or springs, as may be directed by the Forest Supervisor.

(c) All slash resulting from cutting or destruction of forest growth incident and necessary to mining operations must be disposed of as directed by the Forest Supervisor.

(d) The cutting and removal of timber, except where clearing is necessary in connection with mining operations or to provide space for buildings or structures used in connection with mining operations, shall be conducted in accordance with the marking rules and timber sale practices applicable to the Black Hills National Forest, and such cutting and removal of timber shall be as directed by the Forest Supervisor.

(e) No use of the surface of a mining claim or the resources therefrom not

reasonably required for carrying on mining and prospecting shall be allowed, except under the National Forest rules and regulations, nor shall the locator prevent or obstruct other occupancy of the surface or use of surface resources under authority of National Forest Regulations, or permits issued thereunder, if such occupancy or use is not in conflict with mineral developments.

(f) When any road is to be built for mining purposes upon a mining claim, the locator must apply to the Forest Supervisor for the applicable rules and regulations governing the construction and maintenance of roads within the Black Hills National Forest, and such road will be built in accordance with such specifications and in such locations as the Forest Supervisor may direct.

(g) In conducting mining operations the locator, his agents, representatives, or employees, or other persons whose presence in the area or in the vicinity thereof, is occasioned by such mining operations, shall use due diligence in the prevention and suppression of fires, and shall, when requested by the Forest Supervisor, or his authorized representative, be available for service in the extinguishment and suppression of all fires occurring within the Preserve: *Provided*, That if such fire does not originate through any negligence on the part of the locator, his agents, representatives, or employees, or other persons whose presence in the area or in the vicinity thereof, is occasioned by such mining operations and does not threaten the structures, improvements or property incident to the mining operation, such persons shall be paid for their services at the current rate of pay of fire fighters employed by the United States.

(h) Nothing contained in this section shall be construed to relieve the locator from complying with any requirements of the laws of the State of South Dakota, nor from compliance with or conformity to any requirements of any Federal law or regulation now existing or which later may be enacted or promulgated, and applicable to the subject involved in this section.

[13 FR 4792, Aug. 19, 1948, as amended at 48 FR 31854, July 12, 1983]

§ 251.14 Conditions, rules and regulations to govern exercise of timber rights reserved in conveyance to the United States.

(a) Except as otherwise provided in paragraphs (b) and (c) of this section, in conveyance of lands to the United States under authorized programs of the Forest Service, where owners reserve the right to enter upon the conveyed lands and to cut and remove timber and timber products, said reservations shall be subject to the following conditions, rules and regulations which shall be expressed in and made a part of the deed of conveyance to the United States and such reservations shall be exercised thereunder and in obedience thereto:

(1) Whoever undertakes to exercise the reserved rights, hereinafter called operator, shall give prior written notice to Forest Service and shall submit satisfactory evidence of authority to exercise such rights. Operator shall repair, replace, or restore any improvements owned by the United States or its permittees, damaged or destroyed by the timber operations and he shall restore the land to a condition safe and reasonably serviceable for authorized programs of Forest Service.

(2) In cutting and removing timber and timber products and in locating, constructing and using mills, logging roads, railroads, chutes, landings, camps, or other improvements, no unnecessary damage shall be done to the air, water and soil resources, and to young growth or to trees left standing. All survey monuments and witness trees shall be preserved.

(3) All trees, timber or timber products of species or sizes not specifically reserved which are unnecessarily cut, damaged, or destroyed by operator shall be paid for at double the usual rates charged in the locality for sales of similar National Forest timber and timber products.

(4) Slash and debris resulting from the cutting, removal, or processing of timber or timber products, or from construction operations, shall be disposed of or otherwise treated by methods acceptable to the Forest Service. Such treatment or disposal shall comply with known air and water quality

Forest Service, USDA

§ 251.14

criteria and standards and include necessary preparatory work such as fireline constructing and snag falling. The timing of log removal and preparatory work shall not unnecessarily delay slash disposal or treatment.

(5) Operator is authorized to construct and maintain buildings, facilities, and other improvements, including roads needed to log the reserved timber. Construction and maintenance plans, designs, and location shall be approved in writing by Forest Service before construction is started.

(6) All buildings, camps, equipment, and other structures or improvements shall be removed from the lands within 6 months from date of completion or abandonment of the operation, unless relieved by Forest Service by issuance of a special-use permit. Otherwise such buildings, camps, equipment, and other structures or improvements shall become the property of the United States, but this does not relieve operator of liability for the cost of removal and restoration of the site.

(7) Nothing in this section shall be construed to exempt operator from any requirements of the laws of the States in which situated; nor from compliance with or conformity to any requirement of any law which later may be enacted and which otherwise would be applicable.

(8) While operations are in progress, operator, his employees, any subcontractors, and their employees, shall take all reasonable and practicable action in the prevention and suppression of fire, and shall be available for service in the suppression of all fires within the reserved area. On any fire not caused by negligence on the part of the operator, Forest Service shall pay operator at fire-fighting rates common in the area or at prior agreed rates for equipment or manpower furnished by operator.

(9) Only one cutting shall be made on any portion of the area on which timber is reserved. Forest Service may permit the cutting of special products, or products the cutting of which is seasonal, on any portion of the area in advance of the cutting of the chief products of the reserved timber. Each reservation of timber shall include a spe-

cific period of time within which material may be removed.

(10) Forest Service shall have the right to use any road constructed under the authority of this timber reservation for any and all purposes in connection with the protection and administration of the National Forest.

(11) Operator shall take all reasonable precautions to prevent pollution of the air, soil, and water, in operation hereunder.

(12) All activities by operator in the reserved area shall be conducted in a safe, orderly, and workmanlike manner.

(13) For the protection of streamcourses, the following measures shall be observed by operator: Culverts or bridges will be required on temporary roads at all points where it is necessary to cross streamcourses. Such facilities shall be of sufficient size and design to provide unobstructed flow of water. Equipment will not be operated in streamcourses except at designated crossings and as essential to construction or removal of culverts and bridges. Any stream that is temporarily diverted must be restored to the natural course as soon as practicable, and in any event prior to a major runoff season.

(14) Operator shall perform currently as weather and soil conditions permit, the following erosion control work on portions of the reserved area where logging is in progress or has been completed: Construct cross-ditches and water-spreading ditches where staked or otherwise marked on the ground by Forest Service; after a temporary road has served operator's purpose, operator shall remove culverts and bridges, eliminate ditches, out-slope and cross-drain roadbed and remove ruts and berms to the extent necessary to stabilize fills and otherwise minimize erosion; operator shall avoid felling into, yarding in, or crossing natural meadows; and operations will not take place when soil and water conditions are such that excessive damage will result.

(b) The conditions, rules and regulations set forth in paragraphs (a)(1) through (14) of this section shall not apply to reservations contained in conveyances of land to the United States under the Act of March 3, 1925, as

§ 251.15

36 CFR Ch. II (7-1-01 Edition)

amended (43 Stat. 1133, 64 Stat. 82, 16 U.S.C. 555).

(c) In cases where a State, or an agency, or a political subdivision thereof, reserves timber rights for the cutting and removal of timber and timber products, in the conveyance of land to the United States under authorized programs of the Forest Service and there are provisions in the laws of such State or in conditions, rules and regulations promulgated by such State, agency or political subdivision thereof, which the Chief, Forest Service, determines are adequate to protect the interest of the United States in the event of the exercise of such reservation, the Chief, Forest Service, is hereby authorized, in his discretion, to subject the exercise of the reservation to such statutory provisions or such conditions, rules, and regulations in lieu of the the conditions, rules and regulations set forth in paragraphs (a) (1) through (14) of this section. In that event, such statutory provisions or such conditions, rules and regulations shall be expressed in and made a part of the deed of conveyance to the United States and the reservation shall be exercised thereunder and in obedience thereto.

All regulations heretofore issued by the Secretary of Agriculture to govern the exercise of timber rights reserved in conveyance of lands to the United States under authorized programs of Forest Service shall continue to be effective in the cases to which they are applicable, but are hereby superseded as to timber rights hereafter reserved in conveyances under such programs.

[35 FR 5401, Apr. 1, 1970]

§ 251.15 Conditions, rules and regulations to govern exercise of mineral rights reserved in conveyances to the United States.

(a) Except as otherwise provided in paragraphs (b) and (c) of this section, in conveyances of lands to the United States under authorized programs of the Forest Service, where owners reserve the right to enter upon the conveyed lands and to prospect for, mine and remove minerals, oil, gas, or other inorganic substances, said reservations shall be subject to the following conditions, rules and regulations which shall

be expressed in and made a part of the deed of conveyance to the United States and such reservations shall be exercised thereunder and in obedience thereto:

(1) Whoever undertakes to exercise the reserved rights shall give prior written notice to the Forest Service and shall submit satisfactory evidence of authority to exercise such rights. Only so much of the surface of the lands shall be occupied, used, or disturbed as is necessary in bona fide prospecting for, drilling, mining (including the milling or concentration of ores), and removal of the reserved minerals, oil, gas, or other inorganic substances.

(2)(i) None of the lands in which minerals are reserved shall be so used, occupied, or disturbed as to preclude their full use for authorized programs of the Forest Service until the record owner of the reserved rights, or the successors, assigns, or lessees thereof, shall have applied for and received a permit authorizing such use, occupancy, or disturbance of those specifically described parts of the lands as may reasonably be necessary to exercise of the reserved rights.

(ii) Said permit shall be issued upon agreement as to conditions necessary to protect the interest of the United States including such conditions deemed necessary to provide for the safety of the public and other users of the land, and upon initial payment of the annual fee, which shall be at the rate of \$2 per acre or fraction of acre included in the permit.

(iii) The permit shall also provide that the record owner of the reserved right or the successors, assigns, or lessees thereof, will repair or replace any improvements damaged or destroyed by the mining operations and restore the land to a condition safe and reasonably serviceable for authorized programs of the Forest Service, and shall provide for a bond in sufficient amount as determined necessary by the Forest Service to guarantee such repair, replacement or restoration.

(iv) Failure to comply with the terms and conditions of the aforesaid permit shall be cause for termination of all rights to use, occupy, or disturb the surface of the lands covered thereby,

Forest Service, USDA

§ 251.17

but in event of such termination a new permit shall be issued upon application when the causes for termination of the preceding permit have been satisfactorily remedied and the United States reimbursed for any resultant damage to it.

(3) All structures, other improvements, and materials shall be removed from the lands within one year after date of termination of the aforementioned permit. Should the holder of the permit fail to do so within the specified time, the Forest Service may remove, destroy or otherwise dispose of said structures, other improvements, and materials at the permittee's expense, or in lieu thereof, may upon written notice to the permittee, assume title thereto in the name of the United States.

(4) Timber and/or young growth cut or destroyed in connection with exercise of the reserved right shall be paid for at rates determined by the Forest Service to be fair and equitable for comparable timber and/or young growth in the locality. All slash resulting from cutting or destruction of timber or young growth shall be disposed of as required by the Forest Service.

(5) In the prospecting for, mining, and removal of reserved minerals, oil, gas, or other inorganic substances all reasonable provisions shall be made for the disposal of tailings, dumpage, and other deleterious materials or substances in such manner as to prevent obstruction, pollution, or deterioration of water resources.

(6) Nothing herein contained shall be construed to exempt operators or the mining operations from any requirements of applicable State laws nor from compliance with or conformity to any requirement of any law which later may be enacted and which otherwise would be applicable.

(7) While any activities and/or operations incident to the exercise of the reserved rights are in progress, the operators, contractors, subcontractors, and any employees thereof shall use due diligence in the prevention and suppression of fires, and shall comply with all rules and regulations applicable to the land.

(b) The conditions, rules and regulations set forth in paragraphs (a) (1)

through (7) of this section shall not apply to reservations contained in conveyances of lands to the United States under the Act of March 3, 1925, as amended (43 Stat. 1133, 64 Stat. 82; 16 U.S.C. 555).

(c) In cases where a State, or an agency, or a political subdivision thereof, reserves minerals, oil, gas, or other inorganic substances, in the conveyance of land to the United States under authorized programs of the Forest Service and there are provisions in the laws of such State or in conditions, rules and regulations promulgated by such State, agency or political subdivision thereof, which the Chief, Forest Service, determines are adequate to protect the interest of the United States in the event of the exercise of such reservation, the Chief, Forest Service, is hereby authorized, in his discretion, to subject the exercise of the reservation to such statutory provisions or such conditions, rules and regulations in lieu of the conditions, rules and regulations set forth in paragraphs (a) (1) through (7) of this section. In that event, such statutory provisions or such conditions, rules and regulations shall be expressed in and made a part of the deed of conveyance to the United States and the reservation shall be exercised thereunder and in obedience thereto.

All regulations heretofore issued by the Secretary of Agriculture to govern the exercise of mineral rights reserved in conveyances of lands to the United States under authorized programs of the Forest Service shall continue to be effective in the cases to which they are applicable, but are hereby superseded as to mineral rights hereafter reserved in conveyances under such programs.

[28 FR 4440, May 3, 1963]

RIGHTS OF GRANTORS

§ 251.17 Grantor's right to occupy and use lands conveyed to the United States.

Except as otherwise provided in paragraph (h) of this section, in conveyances of lands to the United States under authorized programs of the Forest Service, where owners reserve the right to occupy and use the land for the purposes of residence, agriculture,

industry, or commerce, said reservations shall be subject to the following conditions, rules and regulations which shall be expressed in and made a part of the deed of conveyance to the United States and such reservations shall be exercised thereunder and in obedience thereto:

(a) Except when provided otherwise by statute, the reservation so created shall not be assigned, used, or occupied by anyone other than the grantor without the consent of the United States.

(b) All reasonable precautions shall be taken by the grantor and all persons acting for or claiming under him to prevent and suppress forest fires upon or threatening the premises or other adjacent lands of the United States, and any person failing to comply with this requirement shall be responsible for any damages sustained by the United States by reason thereof.

(c) The premises shall not be used or permitted to be used, without the written consent of the United States, for any purpose or purposes other than those specified in the instrument creating the reservation.

(d) The grantor and all persons acting for or claiming under him shall maintain the premises and all buildings and structures thereon in proper repair and sanitation and shall comply with the National Forest laws and regulations and the laws and lawful orders of the State in which the premises are located.

(e) Except when provided otherwise by statute, the reservation shall terminate: (1) Upon the expiration of the period named in the deed; (2) upon failure for a period of more than one calendar year to use and occupy the premises for the purposes named in the deed; (3) by use and occupancy for unlawful purposes or for purposes other than those specified in the deed; and (4) by voluntary written relinquishment by the owner.

(f) Upon the termination of the reservation the owners of personal property remaining on the premises shall remove same within a period of three months, and all such property not so removed shall become the property of the United States except that when such removal is prevented by conditions beyond the control of the owners

the period shall be extended in writing by the Forest Service to allow a reasonable time for said removal, but in no event longer than one year.

(g) The said reservation shall be subject to rights-of-way for the use of the United States or its permittees, upon, across, or through the said land, as may hereafter be required for the erection, construction, maintenance and operation of public utility systems over all or parts thereof, or for the construction and maintenance of any improvements necessary for the good administration and protection of the National Forests, and shall be subject to the right of officials or employees of the Forest Service to inspect the premises, or any part thereof, at all reasonable times and as often as deemed necessary in the performance of official duties in respect to the premises.

(h) The conditions, rules, and regulations set forth in paragraphs (a) through (g) of this section shall not apply to reservations contained in conveyances of lands to the United States under the Act of March 3, 1925, as amended (43 Stat. 1133, 64 Stat. 82; 16 U.S.C. 555).

[33 FR 11452, Aug. 13, 1968, as amended at 36 FR 156, Jan. 6, 1971]

§ 251.18 Rights-of-way reserved by the grantor on lands conveyed to the United States.

This section governs the use, occupancy, and operation of rights-of-way reserved by a grantor of lands to the United States.

(a) Brush and refuse resulting from the exercise of the right-of-way reservation shall be disposed of to the satisfaction of the Forest Officer in charge.

(b) Timber cut and destroyed in the exercise of the right-of-way reservation shall be paid for at rates to be prescribed by the Forest Officer in charge, which rates shall be the usual stumpage prices charged in the locality in sales of national forest timber of the same kind or species; for injury to timber, second growth, and reproduction, the amount of actual damage shall be ascertained by the Forest Supervisor according to the rules applicable in such cases.

(c) All improvements built or maintained upon the right-of-way shall be kept in an orderly, safe and sanitary condition. Failure to maintain such conditions shall be cause for the termination of the reservation after 30 days' notice in writing to the occupant or user that unsatisfactory conditions exist and that the Department intends to terminate all rights under the reservation unless such conditions are forthwith corrected to the satisfaction of the Regional Forester.

(d) Upon the abandonment of a reserved right-of-way, either by formal release, by termination, or by non-use for a period of one calendar year, all improvements thereon not the property of the United States shall be removed therefrom within three months from the date of the abandonment, otherwise such improvements shall vest in and become the property of the United States.

(e) All reasonable precautions to prevent and suppress forest fires shall be taken by the grantor and all persons acting for or claiming under him; suitable crossings shall be constructed by grantor and/or said persons where the reserved right-of-way intersects existing roads and trails; borrow pits shall not be opened outside of the immediate graded section except under a special use permit from the Forest Supervisor.

(f) Officers of the Forest Service shall have free ingress and egress on and over the reserved rights-of-way for all purposes necessary and incidental to the protection and administration of the national forest.

[3 FR 1953, Aug. 9, 1938]

§ 251.19 Exercise of water rights reserved by the grantor of lands conveyed to the United States.

This section governs the exercise of water and related rights reserved by the grantor of lands conveyed to the United States under the provisions of the act of March 1, 1911 (36 Stat. 961).

(a) All reasonable precautions shall be taken by the grantor and all persons acting for or claiming under him to prevent and suppress forest fires upon or threatening the premises or other adjacent lands of the United States, and any person failing to comply with this requirement shall be responsible

for any damages sustained by the United States by reason thereof.

(b) All slash and debris resulting from the cutting and removal of timber shall be disposed of as directed by the Forest Officer in charge.

(c) Flowage and reservoir areas shall be cleared of timber and debris, in a manner satisfactory to the Forest Supervisor, or in accordance with a special agreement approved by him. Timber cut and destroyed in the exercise of the reserved rights shall be paid for at rates to be prescribed by the Forest Officer in charge, which rates shall be the usual stumpage price charged in the locality.

(d) The water surface created shall be open to the Forest Service and its permittees when such use does not interfere with the original purpose of the development.

(e) The water surface shall be open to fishing by the public in accordance with State laws when such use does not interfere with the original purpose of the development.

(f) Plans for dams and supplemental structures, impounding or controlling more than 10 acre-feet of water or with a head in excess of 6 feet, shall be approved by the Regional Engineer of the Forest Service before construction shall begin.

[3 FR 1953, Aug. 9, 1938]

DESIGNATION OF AREAS

§ 251.23 Experimental areas and research natural areas.

The Chief of the Forest Service shall establish and permanently record a series of areas on National Forest land to be known as experimental forests or experimental ranges, sufficient in number and size to provide adequately for the research necessary to serve as a basis for the management of forest and range land in each forest region. Also, when appropriate, the Chief shall establish a series of research natural areas, sufficient in number and size to illustrate adequately or typify for research or educational purposes, the important forest and range types in each forest region, as well as other plant communities that have special or

§ 251.35

unique characteristics of scientific interest and importance. Research Natural Areas will be retained in a virgin or unmodified condition except where measures are required to maintain a plant community which the area is intended to represent. Within areas designated by this regulation, occupancy under a special-use permit shall not be allowed, nor the construction of permanent improvements permitted except improvements required in connection with their experimental use, unless authorized by the Chief of the Forest Service.

PETERSBURG WATERSHED

§ 251.35 Petersburg watershed.

(a) Except as authorized in paragraphs (b) and (c), access to lands within the Petersburg watershed, Tongass National Forest, as described in the Act of October 17, 1940 (54 Stat. 1197), is prohibited.

(b) Access to lands within the Petersburg watershed is hereby authorized, without further written approval, for the following routine purposes:

(1) The discharge of official duties related to management of the Tongass National Forest by Federal employees, holders of Forest Service contracts, or Forest Service agents;

(2) The operation, maintenance, and improvement of the municipal water system by Federal and State officials and employees of the city of Petersburg; and

(3) Public recreational use of the Raven's Roost Trail for access to and from the Raven's Roost public recreation cabin and the Alpine Recreation Area.

(c) Any person who wishes to enter upon the lands within the watershed for purposes other than those listed in paragraph (b) must obtain a permit that has been signed by the appropriate city official and countersigned by the District Ranger.

(d) Unauthorized entrance upon lands within the watershed is subject to punishment as provided in 36 CFR 261.1b.

(e) The Forest Supervisor of the Stikine Area of the Tongass National Forest may authorize the removal of

36 CFR Ch. II (7-1-01 Edition)

timber from the watershed under the regulations governing disposal of National Forest timber (36 CFR part 223). In any removal of timber from the watershed, the Forest Supervisor shall provide adequate safeguards for the protection of the Petersburg municipal water supply.

Subpart B—Special Uses

AUTHORITY: 16 U.S.C. 472, 497b, 551, 1134, 3210; 30 U.S.C. 185; 43 U.S.C. 1740, 1761-1771.

SOURCE: 45 FR 38327, June 6, 1980, unless otherwise noted.

§ 251.50 Scope.

(a) All uses of National Forest System lands, improvements, and resources, except those provided for in the regulations governing the disposal of timber (part 223) and minerals (part 228) and the grazing of livestock (part 222), are designated "special uses." Before engaging in a special use, persons or entities must submit an application to an authorized officer and must obtain a special use authorization from the authorized officer unless that requirement is waived by paragraph (c) of this section.

(b) Nothing in this section prohibits the temporary occupancy of National Forest System land for the protection of life or property in emergencies, if a special use authorization for such use is obtained at the earliest opportunity.

(c) A special use authorization is not required for noncommercial recreational activities such as camping, picnicking, hiking, fishing, hunting, horseback riding, and boating, as well as noncommercial activities involving the expression of views such as assemblies, meetings, demonstrations, and parades, except for:

(1) Authorization of such use is required by an order issued pursuant to 36 CFR 261.50;

(2) Authorization of such use is required by a regulation issued pursuant to 36 CFR 261.70;

(3) Noncommercial group uses as defined in § 251.51 of this subpart.

Forest Service, USDA

§ 251.51

(d) Unless otherwise required by order issued under § 261.50 or by regulation issued under § 261.70 of this chapter, the use of existing forest development roads and trails does not require a special-use authorization; however, any such use is subject to compliance with all Federal and State laws governing the roads or trails to be used.

[45 FR 38327, June 6, 1980, as amended at 49 FR 25449, June 21, 1984; 53 FR 16549, May 10, 1988; 60 FR 45293, Aug. 30, 1995]

§ 251.51 Definitions.

Applicant—any individual, partnership, corporation, association, or other business entity, and any Federal, State or governmental entity or agency which applies for a special use authorization.

Authorized officer—any employee of the Forest Service to whom has been delegated the authority to perform the duties described in this part.

Chief—the Chief of the Forest Service.

Commercial use or activity—any use or activity on National Forest System lands (a) where an entry or participation fee is charged, or (b) where the primary purpose is the sale of a good or service, and in either case, regardless of whether the use or activity is intended to produce a profit.

Easement—a type of special use authorization (usually granted for linear rights-of-way) that is utilized in those situations where a conveyance of a limited and transferable interest in National Forest System land is necessary or desirable to serve or facilitate authorized long-term uses, and that may be compensable according to its terms.

Group use—an activity conducted on National Forest System lands that involves a group of 75 or more people, either as participants or spectators.

Holder—any applicant who has received a special use authorization.

Lease—a type of special use authorization (usually granted for uses other than linear rights-of-way) that is used when substantial capital investment is required and when conveyance of a conditional and transferable interest in National Forest System lands is necessary or desirable to serve or facilitate authorized long-term uses, and

that may be revocable and compensable according to its terms.

National Forest System land—all lands, waters, or interests therein administered by the Forest Service.

NEPA procedures—the rules, policies, and procedures governing agency compliance with the National Environmental Policy Act set forth in 50 CFR parts 1500–1508, 7 CFR part 1b, Forest Service Manual Chapter 1950, and Forest Service Handbook 1909.15.

Noncommercial use or activity—any use or activity that does not involve a commercial use or activity as defined in this section.

Permit—a special use authorization which provides permission, without conveying an interest in land, to occupy and use National Forest System land or facilities for specified purposes, and which is both revocable and terminable.

Revocation—the cessation of a special use authorization by action of an authorized officer before the end of the specified period of occupancy or use for reasons set forth in § 251.60(a)(1)(i), (a)(2)(i), (g), and (h) of this subpart.

Right-of-way—land authorized to be used or occupied for the construction, operation, maintenance and termination of a project or facility passing over, upon, under or through such land.

Secretary—the Secretary of Agriculture.

Ski area—a site and attendant facilities expressly developed to accommodate alpine or nordic skiing and from which the preponderance of revenue is generated by the sale of lift tickets and fees for ski rentals, for skiing instruction and trail passes for the use of permittee-maintained ski trails. A ski area may also include ancillary facilities directly related to the operation and support of skiing activities.

Sound business management principles—a phrase that refers to accepted industry practices or methods of establishing fees and charges that are used or applied by the Forest Service to help establish the appropriate charge for a special use. Examples of such practices and methods include, but are not limited to, appraisals, fee schedules, competitive bidding, negotiation of fees,

§ 251.52

36 CFR Ch. II (7–1–01 Edition)

and application of other economic factors, such as cost efficiency, supply and demand, and administrative costs.

Special use authorization—a permit, term permit, lease, or easement which allows occupancy, use, rights, or privileges of National Forest System land.

Suspension—a temporary revocation of a special use authorization.

Termination—the cessation of a special use authorization by operation of law or by operation of a fixed or agreed-upon condition, event, or time as specified in an authorization without the necessity for any decision or action by the authorized officer; for example, expiration of the authorized term or transfer of the authorized improvement to another party.

Term permit—a special use authorization to occupy and use National Forest System land, other than rights-of-way under § 251.53(l) of this part, for a specified period which is both revocable and compensable according to its terms.

[45 FR 38327, June 6, 1980, as amended at 49 FR 25449, June 21, 1984; 53 FR 16550, May 10, 1988; 54 FR 22593, May 25, 1989; 60 FR 45293, Aug. 30, 1995; 60 FR 54409, Oct. 23, 1995; 63 FR 65964, Nov. 30, 1998]

§ 251.52 Delegation of authority.

Special use authorizations shall be issued, granted, amended, renewed, suspended, terminated, or revoked by the Chief, or through delegation, by the Regional Forester, Forest Supervisor, District Ranger or other forest officer, and shall be in such form and contain such terms, stipulations, conditions, and agreements as may be required by the regulations of the Secretary and the instructions of the Chief (7 CFR 2.60; 36 CFR part 200, subpart B).

§ 251.53 Authorities.

Subject to any limitations contained in applicable statutes, the Chief of the Forest Service, or other Agency official to whom such authority is delegated, may issue special use authorizations for National Forest System land under the authorities cited and for the types of use specified in this section as follows:

(a) Permits governing occupancy and use, including group events and distribution of noncommercial printed

materials, under the act of June 4, 1897, 30 Stat. 35 (16 U.S.C. 551);

(b) Leases under the Act of February 28, 1899, 30 Stat. 908 (16 U.S.C. 495) for public sanitariums or hotels near or adjacent to mineral springs;

(c) Permits under the Act of June 8, 1906, 34 Stat. 225 (16 U.S.C. 431, *et seq.*), for the examination of ruins, the excavation of archaeological sites, and the gathering of objects of antiquity in conformity with the rules and regulations prescribed by the Secretaries of the Interior, Agriculture, and War, December 28, 1906 (43 CFR part 3);

(d) Term permits under the Act of March 4, 1915, 38 Stat. 1101, as amended, 70 Stat. 708 (16 U.S.C. 497) for periods not over 30 years and (1) for not over 80 acres for (i) hotels, resorts, and other structures and facilities for recreation, public convenience, or safety; (ii) industrial or commercial purposes, and (iii) education or public activities; and (2) for not over 5 acres for summer homes and stores;

(e) Easements for rights-of-way for pipeline purposes for the transportation of oil and gas and products thereof where no Federal land other than National Forest System land is required, and permits for the temporary use of additional National Forest System land necessary for construction, operation, maintenance or termination of a pipeline or to protect the natural environment or the public safety under section 28 of the Mineral Leasing Act of 1920, 41 Stat. 449, as amended, (30 U.S.C. 185);

(f) Permits, term permits, and easements in the National Grasslands and other lands acquired or administered under title III, Act of July 22, 1937, 50 Stat. 525, as amended, (7 U.S.C. 1011(d));

(g) Permits under section 7 of the Act of April 24, 1950, 64 Stat. 84 (16 U.S.C. 580d) for periods not over 30 years for the use of structures or improvements under the administrative control of the Forest Service and land used in connection therewith;

(h) Permits, term permits, leases, or easements as authorized by the Act of September 3, 1954, 68 Stat. 1146 (43 U.S.C. 931c, 931d), to States, counties, cities, towns, townships, municipal corporations, or other public agencies for periods not over 30 years, at prices

representing the fair market value, fixed by the Chief, through appraisal for the purpose of constructing and maintaining on such lands public buildings or other public works;

(i) Permits under the Wilderness Act of September 3, 1964, 78 Stat. 890 (16 U.S.C. 1131-1136) for temporary structures and commercial services and for access to valid mining claims or other valid occupancies and to surrounded State or private land within designated wilderness (see part 293 of this chapter);

(j) Temporary or permanent easements under the Act of October 13, 1964, 78 Stat. 1089 (16 U.S.C. 532-538) for road rights-of-way over lands and interests in land administered by the Forest Service (see §212.10 of this chapter);

(k) Permits under the Land and Water Conservation Fund Act of September 3, 1964, 78 Stat. 897, as amended (16 U.S.C. 4601-6a(c)), for recreation events and other specialized recreation uses;

(l) Permits, leases and easements under the Federal Land Policy and Management Act of 1976, 90 Stat. 2776 (43 U.S.C. 1761-1771) for rights-of-way for:

(1) Reservoirs, canals, ditches, flumes, laterals, pipes, pipelines, tunnels, and other facilities and systems for the impoundment, storage, transportation, or distribution of water;

(2) Pipelines and other systems for the transportation or distribution of liquids and gases, other than water and other than oil, natural gas, synthetic liquid or gaseous fuels, or any refined product produced therefrom, and for storage and terminal facilities in connection therewith;

(3) Pipelines, slurry and emulsion systems, and conveyor belts for transportation and distribution of solid materials, and facilities for the storage of such materials in connection therewith;

(4) Systems and related facilities for generation, transmission, and distribution of electric energy, except that the applicant, in addition to obtaining a Forest Service special use authorization, shall also comply with all applicable requirements of the Federal Energy Regulatory Commission under the

Federal Power Act of 1935, as amended, 49 Stat. 838 (16 U.S.C. 791a, et seq.);

(5) Systems for transmission or reception of radio, television, telephone, telegraph, and other electronic signals and other means of communication;

(6) Roads, trails, highways, railroads, canals, tunnels, tramways, airways, livestock driveways, or other means of transportation except where such facilities are constructed and maintained in connection with commercial recreation facilities;

(7) Such other necessary transportation or other systems or facilities which are in the public interest and which require rights-of-way over, upon, under, or through National Forest System lands; and

(8) Any Federal department or agency for pipeline purposes for the transportation of oil, natural gas, synthetic liquid or gaseous fuels, or any product produced therefrom;

(m) Permits under the Archaeological Resources Protection Act of 1979, 93 Stat. 721 (16 U.S.C. 470aa).

(n) Operation of nordic and alpine ski areas and facilities for up to 40 years and encompassing such acreage as the Forest Officer determines sufficient and appropriate as authorized by the National Forest Ski Area Permit Act of 1986 (16 U.S.C. 497b).

[45 FR 38327, June 6, 1980; 45 FR 43167, June 26, 1980, as amended at 49 FR 25449, June 21, 1984; 53 FR 16550, May 10, 1988; 54 FR 22594, May 25, 1989]

§251.54 Proposal and application requirements and procedures.

(a) *Early notice.* When an individual or entity proposes to occupy and use National Forest System lands, the proponent is required to contact the Forest Service office(s) responsible for the management of the affected land as early as possible in advance of the proposed use.

(b) *Filing proposals.* Proposals for special uses must be filed in writing with or presented orally to the District Ranger or Forest Supervisor having jurisdiction over the affected land (§200.2 of this chapter), except as follows:

(1) Proposals for projects on lands under the jurisdiction of two or more administrative units of the Forest

Service may be filed at the most convenient Forest Service office having jurisdiction over part of the project, and the proponent will be notified where to direct subsequent communications;

(2) Proposals for cost-share and other road easements to be issued under § 251.53(j) must be filed in accordance with regulations in § 212.10(c) and (d) of this chapter; and

(3) Proposals for oil and gas pipeline rights-of-way crossing Federal lands under the jurisdiction of two or more Federal agencies must be filed with the State Office, Bureau of Land Management, pursuant to regulations at 43 CFR part 2882.

(c) *Rights of proponents.* A proposal to obtain a special use authorization does not grant any right or privilege to use National Forest System lands. Rights or privileges to occupy and use National Forest System lands under this subpart are conveyed only through issuance of a special use authorization.

(d) *Proposal content*—(1) *Proponent identification.* Any proponent for a special use authorization must provide the proponent's name and mailing address, and, if the proponent is not an individual, the name and address of the proponent's agent who is authorized to receive notice of actions pertaining to the proposal.

(2) *Required information*—(i) *Non-commercial group uses.* Paragraphs (d)(3) through (d)(5) of this section do not apply to proposals for noncommercial group uses. A proponent for non-commercial group uses shall provide the following:

(A) A description of the proposed activity;

(B) The location and a description of the National Forest System lands and facilities the proponent would like to use;

(C) The estimated number of participants and spectators;

(D) The starting and ending time and date of the proposed activity; and

(E) The name of the person or persons 21 years of age or older who will sign a special use authorization on behalf of the proponent.

(ii) *All other special uses.* At a minimum, proposals for special uses other than noncommercial group uses must include the information contained in

paragraphs (d)(3) through (d)(5) of this section. In addition, if requested by an authorized officer, a proponent in one of the following categories must furnish the information specified for that category:

(A) If the proponent is a State or local government agency: a copy of the authorization under which the proposal is made;

(B) If the proponent is a public corporation: the statute or other authority under which it was organized;

(C) If the proponent is a Federal Government agency: the title of the agency official delegated the authority to file the proposal;

(D) If the proponent is a private corporation:

(1) Evidence of incorporation and its current good standing;

(2) If reasonably obtainable by the proponent, the name and address of each shareholder owning three percent or more of the shares, together with the number and percentage of any class of voting shares of the entity which such shareholder is authorized to vote;

(3) The name and address of each affiliate of the entity;

(4) In the case of an affiliate which is controlled by the entity, the number of shares and the percentage of any class of voting stock of the affiliate that the entity owns either directly or indirectly; or

(5) In the case of an affiliate which controls that entity, the number of shares and the percentage of any class of voting stock of that entity owned, either directly or indirectly by the affiliate; or

(E) If the proponent is a partnership, association, or other unincorporated entity: a certified copy of the partnership agreement or other similar document, if any, creating the entity, or a certificate of good standing under the laws of the State.

(3) *Technical and financial capability.* The proponent is required to provide sufficient evidence to satisfy the authorized officer that the proponent has, or prior to commencement of construction will have, the technical and financial capability to construct, operate, maintain, and terminate the project

for which an authorization is requested, and the proponent is otherwise acceptable.

(4) *Project description.* Except for requests for planning permits for a major development, a proponent must provide a project description, including maps and appropriate resource information, in sufficient detail to enable the authorized officer to determine the feasibility of a proposed project or activity, any benefits to be provided to the public, the safety of the proposal, the lands to be occupied or used, the terms and conditions to be included, and the proposal's compliance with applicable laws, regulations, and orders.

(5) *Additional information.* The authorized officer may require any other information and data necessary to determine feasibility of a project or activity proposed; compliance with applicable laws, regulations, and orders; compliance with requirements for associated clearances, certificates, permits, or licenses; and suitable terms and conditions to be included in the authorization. The authorized officer shall make requests for any additional information in writing.

(e) *Pre-application actions.* (1) *Initial screening.* Upon receipt of a request for any proposed use other than for non-commercial group use, the authorized officer shall screen the proposal to ensure that the use meets the following minimum requirements applicable to all special uses:

(i) The proposed use is consistent with the laws, regulations, orders, and policies establishing or governing National Forest System lands, with other applicable Federal law, and with applicable State and local health and sanitation laws.

(ii) The proposed use is consistent or can be made consistent with standards and guidelines in the applicable forest land and resource management plan prepared under the National Forest Management Act and 36 CFR part 219.

(iii) The proposed use will not pose a serious or substantial risk to public health or safety.

(iv) The proposed use will not create an exclusive or perpetual right of use or occupancy.

(v) The proposed use will not unreasonably conflict or interfere with ad-

ministrative use by the Forest Service, other scheduled or authorized existing uses of the National Forest System, or use of adjacent non-National Forest System lands.

(vi) The proponent does not have any delinquent debt owed to the Forest Service under terms and conditions of a prior or existing authorization, unless such debt results from a decision on an administrative appeal or from a fee review and the proponent is current with the payment schedule.

(vii) The proposed use does not involve gambling or providing of sexually oriented commercial services, even if permitted under State law.

(viii) The proposed use does not involve military or paramilitary training or exercises by private organizations or individuals, unless such training or exercises are federally funded.

(ix) The proposed use does not involve disposal of solid waste or disposal of radioactive or other hazardous substances.

(2) *Results of initial screening.* Any proposed use other than a noncommercial group use that does not meet all of the minimum requirements of paragraphs (e)(1)(i)-(ix) of this section shall not receive further evaluation and processing. In such event, the authorized officer shall advise the proponent that the use does not meet the minimum requirements. If the proposal was submitted orally, the authorized officer may respond orally. If the proposal was made in writing, the authorized officer shall notify the proponent in writing that the proposed use does not meet the minimum requirements and shall simultaneously return the request.

(3) *Guidance and information to proponents.* For proposals for noncommercial group use as well as for those proposals that meet the minimum requirements of paragraphs (e)(1)(i)-(ix), the authorized officer, to the extent practicable, shall provide the proponent guidance and information on the following:

(i) Possible land use conflicts as identified by review of forest land and resource management plans, landowner-ship records, and other readily available sources;

- (ii) Proposal and application procedures and probable time requirements;
- (iii) Proponent qualifications;
- (iv) Applicable fees, charges, bonding, and/or security requirements;
- (v) Necessary associated clearances, permits, and licenses;
- (vi) Environmental and management considerations;
- (vii) Special conditions; and
- (viii) identification of on-the-ground investigations which will require temporary use permits.

(4) *Confidentiality.* If requested by the proponent, the authorized officer, or other Forest Service official, to the extent reasonable and authorized by law, shall hold confidential any project and program information revealed during pre-application contacts.

(5) *Second-level screening of proposed uses.* A proposal which passes the initial screening set forth in paragraph (e)(1) and for which the proponent has submitted information as required in paragraph (d)(2)(ii) of this section, proceeds to second-level screening and consideration. In order to complete this screening and consideration, the authorized officer may request such additional information as necessary to obtain a full description of the proposed use and its effects. An authorized officer shall reject any proposal, including a proposal for commercial group uses, if, upon further consideration, the officer determines that:

- (i) The proposed use would be inconsistent or incompatible with the purposes for which the lands are managed, or with other uses; or
- (ii) The proposed use would not be in the public interest; or
- (iii) The proponent is not qualified; or
- (iv) The proponent does not or cannot demonstrate technical or economic feasibility of the proposed use or the financial or technical capability to undertake the use and to fully comply with the terms and conditions of the authorization; or
- (v) There is no person or entity authorized to sign a special use authorization and/or there is no person or entity willing to accept responsibility for adherence to the terms and conditions of the authorization.

(6) *NEPA compliance for second-level screening process.* A request for a special use authorization that does not meet the criteria established in paragraphs (e)(5)(i) through (e)(5)(v) of this section does not constitute an agency proposal as defined in 40 CFR 1508.23 and, therefore, does not require environmental analysis and documentation.

(f) *Special requirements for certain proposals.* (1) *Oil and gas pipeline rights-of-way.* These proposals must include the citizenship of the proponent(s) and disclose the identity of its participants as follows:

(i) Citizens of another country, the laws, customs, or regulations of which deny similar or like privileges to citizens or corporations of the United States, shall not own an appreciable interest in any oil and gas pipeline right-of-way or associated permit; and

(ii) The authorized officer shall notify the House Committee on Resources and the Senate Committee on Energy and Natural Resources promptly upon receipt of a proposal for a right-of-way for a pipeline twenty-four (24) inches or more in diameter, and no right-of-way for such a pipeline shall be granted until sixty (60) days (not counting days on which the House of Representatives or the Senate has adjourned for more than three (3) days) after a notice of intention to grant the right-of-way, together with the authorized officer's detailed findings as to terms and conditions the officer proposes to impose, has been submitted to such committees, unless each committee by resolution waives the waiting period.

(2) *Electric power transmission lines 66 KV or over.* Any proposal for authority to construct and maintain a facility for the generation of electric power and energy or for the transmission or distribution of electric power and energy of 66 kilovolts or higher under this section must be referred to the Secretary of Energy for consultation.

(3) *Major development.* Proponents of a major development may submit a request for a planning permit of up to 10 years in duration. Requests for a planning permit must include the information contained in paragraphs (d)(1) through (d)(3) of this section. Upon completion of a master development

plan developed under a planning permit, proponents may then submit a request for a long-term authorization to construct and operate the development. At a minimum, a request for a long-term permit for a major development must include the information contained in paragraphs (d)(1) and (d)(2)(ii) through (d)(5) of this section. Issuance of a planning permit does not prejudice approval or denial of a subsequent request for a special use permit for the development.

(g) *Application processing and response.*

(1) *Acceptance of applications.* Except for proposals for noncommercial group uses, if a request does not meet the criteria of both screening processes or is subsequently denied, the proponent must be notified with a written explanation of the rejection or denial and any written proposal returned to the proponent. If a request for a proposed use meets the criteria of both the initial and second-level screening processes as described in paragraph (e) of this section, the authorized officer shall notify the proponent that the agency is prepared to accept a written formal application for a special use authorization and shall, as appropriate or necessary, provide the proponent guidance and information of the type described in paragraphs (e)(3)(i) through (e)(3)(viii) of this section.

(2) *Processing applications.* (i) Upon acceptance of an application for a special use authorization other than a planning permit, the authorized officer shall evaluate the proposed use for the requested site, including effects on the environment. The authorized officer may request such additional information as necessary to obtain a full description of the proposed use and its effects.

(ii) Federal, State, and local government agencies and the public shall receive adequate notice and an opportunity to comment upon a special use proposal accepted as a formal application in accordance with Forest Service NEPA procedures.

(iii) The authorized officer shall give due deference to the findings of another agency such as a Public Utility Commission, the Federal Regulatory Energy Commission, or the Interstate Commerce Commission in lieu of an-

other detailed finding. If this information is already on file with the Forest Service, it need not be refiled, if reference is made to the previous filing date, place, and case number.

(iv) Applications for noncommercial group uses must be received at least 72 hours in advance of the proposed activity. Applications for noncommercial group uses shall be processed in order of receipt, and the use of a particular area shall be allocated in order of receipt of fully executed applications, subject to any relevant limitations set forth in this section.

(v) For applications for planning permits, including those issued for a major development as described in paragraph (f)(3) of this section, the authorized officer shall assess only the applicant's financial and technical qualifications and determine compliance with other applicable laws, regulations, and orders. Planning permits may be categorically excluded from documentation in an environmental assessment or environmental impact statement pursuant to Forest Service Handbook 1909.15 (36 CFR 200.4).

(3) *Response to applications for noncommercial group uses.* (i) All applications for noncommercial group uses shall be deemed granted and an authorization shall be issued for those uses pursuant to the determination as set forth below, unless applications are denied within 48 hours of receipt. Where an application for a noncommercial group use has been granted or is deemed to have been granted and an authorization has been issued under this paragraph, an authorized officer may revoke that authorization only as provided under § 251.60(a)(1)(i).

(ii) An authorized officer shall grant an application for a special use authorization for a noncommercial group use upon a determination that:

(A) Authorization of the proposed activity is not prohibited by the rules at 36 CFR part 261, subpart B, or by Federal, State, or local law unrelated to the content of expressive activity;

(B) Authorization of the proposed activity is consistent or can be made consistent with the standards and guidelines in the applicable forest land and resource management plan required

§ 251.54

under the National Forest Management Act and 36 CFR part 219;

(C) The proposed activity does not materially impact the characteristics or functions of the environmentally sensitive resources or lands identified in Forest Service Handbook 1909.15, chapter 30;

(D) The proposed activity will not delay, halt, or prevent administrative use of an area by the Forest Service or other scheduled or existing uses or activities on National Forest System lands, including but not limited to uses and activities authorized under parts 222, 223, 228, and 251 of this chapter;

(E) The proposed activity does not violate State and local public health laws and regulations as applied to the proposed site. Issues addressed by State and local public health laws and regulations as applied to the proposed site include but are not limited to:

(1) The sufficiency of sanitation facilities;

(2) The sufficiency of waste-disposal facilities;

(3) The availability of sufficient potable drinking water;

(4) The risk of disease from the physical characteristics of the proposed site or natural conditions associated with the proposed site; and

(5) The risk of contamination of the water supply;

(F) The proposed activity will not pose a substantial danger to public safety. Considerations of public safety must not include concerns about possible reaction to the users' identity or beliefs from non-members of the group that is seeking an authorization and shall be limited to the following:

(1) The potential for physical injury to other forest users from the proposed activity;

(2) The potential for physical injury to users from the physical characteristics of the proposed site or natural conditions associated with the proposed site;

(3) The potential for physical injury to users from scheduled or existing uses or activities on National Forest System lands; and

(4) The adequacy of ingress and egress in case of an emergency;

(G) The proposed activity does not involve military or paramilitary train-

36 CFR Ch. II (7-1-01 Edition)

ing or exercises by private organizations or individuals, unless such training or exercises are federally funded; and

(H) A person or persons 21 years of age or older have been designated to sign and do sign a special use authorization on behalf of the applicant.

(iii) If an authorized officer denies an application because it does not meet the criteria in paragraphs (g)(3)(ii)(A) through (g)(3)(ii)(H) of this section, the authorized officer shall notify the applicant in writing of the reasons for the denial. If an alternative time, place, or manner will allow the applicant to meet the eight evaluation criteria, an authorized officer shall offer that alternative. If an application is denied solely under paragraph (g)(3)(ii)(C) of this section and all alternatives suggested are unacceptable to the applicant, the authorized officer shall offer to have completed the requisite environmental and other analyses for the requested site. A decision to grant or deny the application for which an environmental assessment or an environmental impact statement is prepared is subject to the notice and appeal procedures at 36 CFR part 215 and shall be made within 48 hours after the decision becomes final under that appeal process. A denial of an application under paragraphs (g)(3)(ii)(A) through (g)(3)(ii)(H) of this section constitutes final agency action and is immediately subject to judicial review.

(4) *Response to all other applications.* Based on evaluation of the information provided by the applicant and other relevant information such as environmental findings, the authorized officer shall decide whether to approve the proposed use, approve the proposed use with modifications, or deny the proposed use. A group of applications for similar uses having minor environmental impacts may be evaluated with one analysis and approved in one decision.

(5) *Authorization of a special use.* Upon a decision to approve a special use or a group of similar special uses, the authorized officer may issue one or more special use authorizations as defined in § 251.51 of this subpart.

Forest Service, USDA

§ 251.56

§ 251.55 Nature of interest.

(a) A holder is authorized only to occupy such land and structures and conduct such activities as is specified in the special use authorization. The holder may sublet the use and occupancy of the premises and improvements authorized only with the prior written approval of the authorized officer, but the holder shall continue to be responsible for compliance with all conditions of the special use authorization.

(b) All rights not expressly granted are retained by the United States, including but not limited to (1) continuing rights of access to all National Forest System land (including the subsurface and air space); (2) a continuing right of physical entry to any part of the authorized facilities for inspection, monitoring, or for any other purposes or reason consistent with any right or obligation of the United States under any law or regulation; and (3) the right to require common use of the land or to authorize the use by others in any way not inconsistent with a holder's existing rights and privileges after consultation with all parties and agencies involved. When costs can be feasibly allocated and have not been amortized, a new holder may be required to compensate existing holders for an equitable proportion of the original costs or other expense associated with the common use.

(c) Special use authorizations are subject to all outstanding valid rights.

(d) Each special use authorization will specify the lands to be used or occupied which shall be limited to that which the authorized officer determines: (1) Will be occupied by the facilities authorized; (2) to be necessary for the construction, operation, maintenance, and full utilization of the authorized facilities or the conduct of authorized activities; and, (3) to be necessary to protect the public health and safety and the environment.

(e) The holder will secure permission under applicable law, and pay in advance, the value as determined by the authorized officer for any mineral and vegetative materials (including timber) to be cut, removed, used, or destroyed by the holder from the authorized use area or other National Forest System

land. The authorized officer may, in lieu of requiring an advance payment, require the holder to stockpile or stack the material at designated locations for later disposal by the United States.

§ 251.56 Terms and conditions.

(a) *General.* (1) Each special use authorization must contain:

(i) Terms and conditions which will:

(A) Carry out the purposes of applicable statutes and rules and regulations issued thereunder;

(B) Minimize damage to scenic and esthetic values and fish and wildlife habitat and otherwise protect the environment;

(C) Require compliance with applicable air and water quality standards established by or pursuant to applicable Federal or State law; and

(D) Require compliance with State standards for public health and safety, environmental protection, and siting, construction, operation, and maintenance if those standards are more stringent than applicable Federal standards.

(ii) Such terms and conditions as the authorized officer deems necessary to:

(A) Protect Federal property and economic interests;

(B) Manage efficiently the lands subject to the use and adjacent thereto;

(C) Protect other lawful users of the lands adjacent to or occupied by such use;

(D) Protect lives and property;

(E) Protect the interests of individuals living in the general area of the use who rely on the fish, wildlife, and other biotic resources of the area for subsistence purposes;

(F) Require siting to cause the least damage to the environment, taking into consideration feasibility and other relevant factors; and

(G) Otherwise protect the public interest.

NOTE TO PARAGRAPH (A)(1)(II)(G): The Department is making explicit its preexisting understanding of § 251.56(a)(1)(ii)(G) of this subpart in the context of authorizing non-commercial group uses of National Forest System lands. Section 251.56(a)(1)(ii)(G) provides that each special use authorization shall contain such terms and conditions as the authorized officer deems necessary to otherwise protect the public interest. In the context of noncommercial group uses, the

§ 251.56

36 CFR Ch. II (7–1–01 Edition)

Forest Service interprets the term “public interest” found in § 251.56(a)(1)(ii)(G) to refer to the three public interests identified by the Forest Service on August 30, 1995. These public interests include the protection of resources and improvements on National Forest System lands, the allocation of space among potential or existing uses and activities, and public health and safety concerns. Under this construction, § 251.56(a)(1)(ii)(G) allows the Forest Service to impose terms and conditions that are not specifically addressed in § 251.56(a)(1)(ii)(A)–(F) but only those that further these public interests. The Forest Service shall implement and enforce § 251.56(a)(1)(ii)(G) in accordance with this interpretation.

(2) Authorizations for use of National Forest System lands may be conditioned to require State, county, or other Federal agency licenses, permits, certificates, or other approval documents, such as a Federal Communication Commission license, a Federal Energy Regulatory Commission license, a State water right, or a county building permit.

(b) *Duration and renewability*—(1) *Requirements*. If appropriate, each special use authorization will specify its duration and renewability. The duration shall be no longer than the authorized officer determines to be necessary to accomplish the purpose of the authorization and to be reasonable in light of all circumstances concerning the use, including

(i) Resource management direction contained in land management and other plans;

(ii) Public benefits provided;

(iii) Cost and life expectancy of the authorized facilities;

(iv) Financial arrangements for the project; and

(v) The life expectancy of associated facilities, licenses, etc. Except for special use authorizations issued under the National Forest Ski Area Permit Act of 1986, authorizations exceeding 30 years shall provide for revision of terms and conditions at specified intervals to reflect changing times and conditions.

(2) *Ski area permits*. (i) For authorizations issued under the National Forest Ski Area Permit Act of 1986, the authorized officer normally shall issue a ski area authorization for 40 years, if, upon consideration of information submitted by the applicant, the authorized

officer finds that the ski area development meets the following standards:

(A) In the case of an existing permit holder, existing on-site investment is of sufficient magnitude to justify authorization for 40 years;

(B) In the case of an existing permit holder, existing investment of capital is in ski-related facilities;

(C) Planned investment capital is directly related to development of ski area facilities and is not for financing regular, ongoing operation and maintenance costs;

(D) Ski facilities requiring long-term investment are, or will be, located predominately on land authorized under a permit;

(E) The number and magnitude of planned facilities, as detailed in a Master Development Plan, clearly require long-term financing and/or operation;

(F) The United States is not the owner of the principal facilities within the authorized ski area.

(ii) A term of less than 40 years shall be authorized for a ski area when the applicant requests a shorter term or when, in the authorized officer’s discretion:

(A) Analysis of the information submitted by the applicant indicates that a shorter term is sufficient for financing of the ski area;

(B) The ski area development, whether existing or proposed, does not meet the standards of paragraph (2)(i)(A) through (F) of this section; or

(C) A 40-year authorization would be inconsistent with the approved forest land and resource management plan governing the area (36 CFR part 219).

(c) *Preconstruction approvals*. Forest Service approval of location, design and plans (or standards, if appropriate) of all developments within the authorized area will be required prior to construction.

(d) *Liability*. Holders shall pay the United States for all injury, loss, or damage, including fire suppression costs, in accordance with existing Federal and State laws.

(1) Holders shall also indemnify the United States for any and all injury, loss, or damage, including fire suppression costs, the United States may suffer as a result of claims, demands,

losses, or judgments caused by the holder's use or occupancy.

(2) Holders of special use authorizations for high risk use and occupancy, such as, but not limited to, powerlines and oil and gas pipelines, shall be held liable for all injury, loss, or damage, including fire suppression costs, caused by the holder's use or occupancy, without regard to the holder's negligence, provided that maximum liability shall be specified in the special use authorization as determined by a risk assessment, prepared in accordance with established agency procedures, but shall not exceed \$1,000,000 for any one occurrence. Liability for injury, loss, or damage, including fire suppression costs, in excess of the specified maximum shall be determined by the laws governing ordinary negligence of the jurisdiction in which the damage or injury occurred.

(e) *Bonding.* An authorized officer may require the holder of a special use authorization for other than a non-commercial group use to furnish a bond or other security to secure all or any of the obligations imposed by the terms of the authorization or by any applicable law, regulation or order.

(f) *Special terms and conditions—* (1) *Public service enterprises.* Special use permits authorizing the operation of public service enterprises shall require that the permittee charge reasonable rates and furnish such services as may be necessary in the public interest, except where such rates and services are regulated by Federal, State or municipal agencies having jurisdiction.

(2) *Common carriers.* Oil and gas pipelines and related facilities authorized under section 28 of the Mineral Leasing Act of 1920, 41 Stat. 449, as amended (30 U.S.C. 185), shall be constructed, operated and maintained as common carriers. The owners or operators of pipelines shall accept, convey, transport, or purchase without discrimination all oil or gas delivered to the pipeline without regard to whether such oil or gas was produced on Federal or nonfederal lands. In the case of oil or gas produced from Federal lands or from the resources on the Federal lands in the vicinity of the pipeline, the Secretary may, after a full hearing with due notice thereof to interested parties and a

proper finding of facts, determine the proportionate amounts to be accepted, conveyed, transported, or purchased. The common carrier provisions of this section shall not apply to any natural gas pipeline operated (i) by any person subject to regulation under the Natural Gas Act, 52 Stat. 821, as amended, (15 U.S.C. 717) or (ii) by any public utility subject to regulation by a State or municipal regulatory agency having jurisdiction to regulate the rates and charges for the sale of natural gas to consumers within the State or municipality. Where natural gas not subject to State regulatory or conservation laws governing its purchase by pipeline companies is offered for sale, each pipeline company shall purchase, without discrimination, any such natural gas produced in the vicinity of the pipeline.

(g) *Conversion of Ski Area Authorizations.* (1) The Forest Service shall request that all existing permit holders convert existing authorizations for ski areas to a new authorization issued pursuant to the National Forest Ski Area Permit Act.

(2) Any current holder of a ski area permit who wishes to convert an existing permit to one issued pursuant to the National Forest Ski Area Permit Act must submit a written request for the new authorization to the authorized officer.

(3) With the consent of the holder, the authorized officer shall convert the authorization if:

(i) The holder is in compliance with the existing authorization;

(ii) All fees currently due under the existing authorization are paid in full; and

(iii) Any proposed modifications of terms and conditions of the existing authorization included in a request for conversion meet the standards of paragraphs (2)(i) (A) through (F) of this section and the relevant requirements of this subpart.

(4) A holder retains the right to decline a new authorization offered pursuant to this paragraph and to continue to operate under the terms of the existing permit. However, pursuant to the rules at §251.61 of this subpart,

§ 251.57

36 CFR Ch. II (7–1–01 Edition)

major modifications of existing permits shall require conversion to a permit issued under the authority of the National Forest Ski Area Permit Act, unless the holder provides compelling justification for retaining the existing permit.

§ 251.57 Rental fees.

(a) Except as otherwise provided in this part or when specifically authorized by the Secretary of Agriculture, special use authorizations shall require the payment in advance of an annual rental fee as determined by the authorized officer.

(1) The fee shall be based on the fair market value of the rights and privileges authorized, as determined by appraisal or other sound business management principles.

(2) Where annual fees of one hundred dollars (\$100) or less are assessed, the authorized officer may require either annual payment or a payment covering more than one year at a time. If the annual fee is greater than one hundred dollars (\$100), holders who are private individuals (that is, acting in an individual capacity), as opposed to those who are commercial, other corporate, or business or government entities, may, at their option, elect to make either annual payments or payments covering more than one year.

(b) All or part of the fee may be waived by the authorized officer, when equitable and in the public interest, for the use and occupancy of National Forest System land in the following circumstances:

(1) The holder is a State or local government or any agency or instrumentality thereof, excluding municipal utilities and cooperatives whose principal source of revenue from the authorized use is customer charges; or

(2) The holder is a nonprofit association or nonprofit corporation, which is not controlled or owned by profit-making corporations or business enterprises, and which is engaged in public or semi-public activity to further public health, safety, or welfare, except that free use will not be authorized

when funds derived by the holder through the authorization are used to increase the value of the authorized improvements owned by the holder, or are used to support other activities of the holder; or

(3) The holder provides without charge, or at reduced charge, a valuable benefit to the public or to the programs of the Secretary; or

(4) When the rental fee is included in the fees for an authorized use or occupancy for which the United States is already receiving compensation; or

(5) When a right-of-way is authorized in reciprocation for a right-of-way conveyed to the United States; or

(6) For rights-of-way involving cost-share roads or reciprocal right-of-way agreements.

(c) No rental fee will be charged when the holder is the Federal government.

(d) No fee shall be charged when the authorization is for a noncommercial group use as defined in § 251.51 of this subpart.

(e) Special use authorizations issued under § 251.53(g) of this part may require as all or a part of the consideration the reconditioning and maintenance of the government-owned or controlled structures, improvements, and land to a satisfactory standard. The total consideration will be based upon the fair market value of the rights and privileges authorized.

(f) Special use authorizations involving government-owned or controlled buildings, structures, or other improvements which require caretakers' services, or the furnishing of special services such as water, electric lights, and clean-up, may require the payment of an additional fee or charge to cover the cost of such services.

(g) Except where specified otherwise by terms of a special use authorization, rental fees may be initiated or adjusted whenever necessary: (1) As a result of fee review, reappraisal; or (2) upon a change in the holder's qualifications under paragraph (b) of this section; and (3) notice is given prior to initiating or adjusting rental fees.

(h) Each ski area authorization issued under the authority of the National Forest Ski Area Permit Act shall include a clause that provides that the Forest Service may adjust and

Forest Service, USDA

§ 251.60

calculate future rental fees to reflect Agency revisions to the existing system for determining fees based on fair market value or to comply with any new fee system for determining fees based on fair market value that may be adopted after issuance of the authorization.

§ 251.59 Transfer of authorized improvements.

If the holder, through death, voluntary sale, transfer, or through enforcement of a valid legal proceeding or operation of law, ceases to be the owner of the authorized improvements, the authorization terminates upon change of ownership. Except for easements issued under authorities other than § 251.53(e) and leases and easements under § 251.53(1) of this subpart, the new owner of the authorized improvements must apply for and receive a new special use authorization. The new owner must meet requirements under applicable regulations of this subpart and agree to comply with the terms and conditions of the authorization and any new terms and conditions warranted by existing or prospective circumstances.

§ 251.60 Termination, revocation, and suspension.

(a) *Grounds for termination, revocation, and suspension.* (1) *Noncommercial group uses.* (i) *Revocation or suspension.* An authorized officer may revoke or suspend a special use authorization for a noncommercial group use only under one of the following circumstances:

(A) Under the criteria for which an application for a special use authorization may be denied under § 251.54(h)(1);

(B) For noncompliance with applicable statutes or regulations or the terms and conditions of the authorization;

(C) For failure of the holder to exercise the rights or privileges granted; or

(D) With the consent of the holder.

(ii) *Administrative or judicial review.* Revocation or suspension of a special use authorization under this paragraph constitutes final agency action and is immediately subject to judicial review.

(iii) *Termination.* A special use authorization for a noncommercial group use terminates when it expires by its own terms. Termination of a special use authorization under this paragraph does not involve agency action and is not subject to administrative or judicial review.

(2) *All other special uses.* (i) *Revocation or suspension.* An authorized officer may revoke or suspend a special use authorization for all other special uses, except an easement issued pursuant to § 251.53 (e) and (1):

(A) For noncompliance with applicable statutes, regulations, or the terms and conditions of the authorization;

(B) For failure of the holder to exercise the rights or privileges granted;

(C) With the consent of the holder; or

(D) At the discretion of the authorized officer for specific and compelling reasons in the public interest.

(ii) *Administrative review.* Except for revocation or suspension of an easement issued pursuant to § 251.53 (e) and (1) of this subpart, a suspension or revocation of a special use authorization under this paragraph is subject to administrative appeal and review in accordance with 36 CFR part 251, subpart C, of this chapter.

(iii) *Termination.* For all special uses except noncommercial group uses, a special use authorization terminates when, by its terms, a fixed or agreed-upon condition, event, or time occurs. Termination of a special use authorization under this paragraph does not involve agency action and is not subject to administrative or judicial review.

(b) For purposes of this section, the authorized officer is that person who issues the authorization or that officer's successor.

(c) A right-of-way authorization granted to another Federal agency will be limited, suspended, revoked, or terminated only with that agency's concurrence.

(d) A right-of-way authorization serving another Federal agency will be limited, suspended, revoked, or terminated

§ 251.61

36 CFR Ch. II (7–1–01 Edition)

only after advance notice to, and consultation with, that agency.

(e) Except when immediate suspension pursuant to paragraph (f) of this section is indicated, the authorized officer shall give the holder written notice of the grounds for suspension or revocation under paragraph (a) of this section and reasonable time to cure any noncompliance, prior to suspension or revocation pursuant to paragraph (a) of this section.

(f) Immediate suspension of a special use authorization, in whole or in part, may be required when the authorized officer deems it necessary to protect the public health or safety or the environment. In any such case, within 48 hours of a request of the holder, the superior of the authorized officer shall arrange for an on-site review of the adverse conditions with the holder. Following this review, the superior officer shall take prompt action to affirm, modify, or cancel the suspension.

(g) The authorized officer may suspend or revoke easements issued pursuant to § 251.53 (e) and (l) of this subpart under the Rules of Practice Governing Formal Adjudicatory Administrative Proceedings instituted by the Secretary under 7 CFR 1.130 through 1.151. No administrative proceeding shall be required if the easement, by its terms, provides that it terminates on the occurrence of a fixed or agreed-upon condition, event, or time.

(h)(1) The Chief may revoke any easement granted under the provisions of the Act of October 13, 1964, 78 Stat. 1089, 16 U.S.C. 534:

- (i) By consent of the owner of the easement;
- (ii) By condemnation; or
- (iii) Upon abandonment after a 5-year period of nonuse by the owner of the easement.

(2) Before any such easement is revoked for nonuse or abandonment, the owner of the easement shall be given notice and, upon the owner's request made within 60 days after receipt of the notice, an opportunity to present relevant information in accordance with the provisions of 36 CFR part 251, subpart C, of this chapter.

(i) Upon revocation or termination of a special use authorization, the holder must remove within a reasonable time

the structures and improvements and shall restore the site to a condition satisfactory to the authorized officer, unless the requirement to remove structures or improvements is otherwise waived in writing or in the authorization. If the holder fails to remove the structures or improvements within a reasonable period, as determined by the authorized officer, they shall become the property of the United States, but holder shall remain liable for the costs of removal and site restoration.

§ 251.61 Modifications.

(a) A holder shall file a new or amended application for a special use authorization to cover new, changed, or additional use(s) or area.

(1) In approving or denying changes or modifications, the authorized officer shall consider among other things, the findings or recommendations of other involved agencies and whether the terms and conditions of the existing authorization may be continued or revised, or a new authorization issued.

(2) Changes during construction, or at any other time, from the approved plans or the location shown in the application or authorization shall be allowed only with the prior approval of the authorized officer.

(b) A holder may be required to furnish as-built plans, map(s), or survey(s) upon completion of construction.

(c) A holder shall obtain prior approval from the authorized officer for modifications to approved uses that involve any activity impacting the environment, other users, or the public.

§ 251.62 Acceptance.

Except for an easement, a special use authorization shall become effective when signed by both the applicant and the authorized officer. The authorization must be signed by the applicant and returned to the authorized officer within 60 days of its receipt by the applicant, unless extended by the authorized officer. Refusal of an applicant to

§ 251.63 Reciprocity.

If it is determined that a right-of-way shall be needed by the United States across nonfederal lands directly or indirectly owned or controlled by an applicant for a right-of-way across Federal lands, the authorized officer may condition a special use authorization to require the holder to grant the United States the needed right-of-way.

§ 251.64 Renewals.

(a) When a special use authorization provides for renewal, the authorized officer shall renew it where such renewal is authorized by law, if the project or facility is still being used for the purpose(s) previously authorized and is being operated and maintained in accordance with all the provisions of the authorization. In making such renewal, the authorized officer may modify the terms, conditions, and special stipulations to reflect any new requirements imposed by current Federal and State land use plans, laws, regulations or other management decisions. Special uses may be reauthorized upon expiration so long as such use remains consistent with the decision that approved the expiring special use or group of uses. If significant new information or circumstances have developed, appropriate environmental analysis must accompany the decision to reauthorize the special use.

(b) When a special use authorization does not provide for renewal, it is discretionary with the authorized officer, upon request from the holder and prior to its expiration, whether or not the authorization shall be renewed. A renewal pursuant to this section shall comply with the same provisions contained in paragraph (a) of this section.

§ 251.65 Information collection requirements.

The rules of this subpart governing special use applications (§251.54 and §251.59), terms and conditions (§251.54), rental fees (§251.57), and modifications (§251.61) specify the information that proponents or applicants for special use authorizations or holders of existing authorizations must provide in order for an authorized officer to act on a request or administer the authorization. As such, these rules contain information requirements as defined in 5 CFR part 1320. These information requirements are assigned OMB Control Number 0596-0082.

Subpart C—Appeal of Decisions Relating to Occupancy and Use of National Forest System Lands

AUTHORITY: 7 U.S.C. 5101-5106; 16 U.S.C. 472, 551.

SOURCE: 54 FR 3362, Jan. 23, 1989, unless otherwise noted.

§ 251.80 Purpose and scope.

(a) This subpart provides a process by which those who hold or, in certain instances, those who apply for written authorizations to occupy and use National Forest System lands, may appeal a written decision by an authorized Forest Service line officer with regard to issuance, approval, or administration of the written instrument. The rules in the subpart establish who may appeal under these rules, the kinds of decisions that can and cannot be appealed, the responsibilities of parties to the appeal, and the various procedures and timeframes that will govern the conduct of appeals under this subpart.

(b) The rules in this subpart seek to offer appellants a fair and deliberate process for appealing and obtaining administrative review of decisions regarding written instruments that authorize the occupancy and use of National Forest System lands.

§ 251.81 Definitions and terminology.

For the purposes of this subpart, the following terms are defined:

Appeal. A request to a higher ranking officer for relief from a written decision filed under this subpart by an applicant for or a holder of a written instrument issued or approved by a Forest Service line officer.

Appeal decision. The written decision rendered by the Reviewing Officer on an appeal for relief under this subpart. The use of this term is limited to the final decision of a Reviewing Officer and does not refer to a stay decision or to any other determinations or procedural orders made on the conduct of an appeal (§ 251.99).

Appeal record. The documents submitted to the Reviewing Officer by an appellant, intervenor, or Deciding Officer (§ 251.98).

Appellant. An eligible applicant for or holder of a written instrument issued for the occupancy and use of National Forest System land (or their authorized agent or representative) who files an appeal pursuant to the provisions of this subpart (§ 251.86).

Deciding officer. The Forest Service line officer who makes a decision related to issuance, approval, or administration of an authorization to occupancy and use National Forest System lands that is appealed under this subpart.

Decisions regarding a written instrument or authorization to occupy and use National Forest System lands. A broad, all inclusive phrase used throughout this subpart to connote the full range of actions and decisions a forest officer takes to issue written instruments, or to manage authorized uses of National Forest System lands, including, but not limited to, enforcement of terms and conditions, and suspension, cancellation, and/or termination of an authorization.

Forest Service line officer. The Chief of the Forest Service or a Forest Service official who serves in a direct line of command from the Chief and who has the delegated authority to make and execute decisions under this subpart. Specifically, for the purposes of this subpart, a Forest Service employee who holds one of the following offices and titles: District Ranger, Forest Su-

pervisor, Deputy Forest Supervisor, Regional Forester, Deputy Regional Forester, Deputy Chief, Associate Deputy Chief, Associate Chief, or the Chief of the Forest Service.

Intervenor. An individual who, or organization that, is an applicant for or holder of the written instrument, or a similar instrument, issued by the Forest Service that is the subject of an appeal, and who has an interest that could be affected by an appeal, and who has made a timely request to intervene in that appeal, and who has been granted intervenor status by the Reviewing Officer (§ 251.96).

Issuance of a written instrument of authorization. Applies both to decisions to grant and to deny a written instrument or authorization.

Notice of appeal. The document prepared and filed by an appellant to dispute a decision subject to review under this subpart (§ 251.90).

Oral presentation. An informal meeting (in person or by telephone) at which an appellant, intervenor, and/or Deciding Officer may present information related to an appeal to the Reviewing Officer (§ 251.97).

Parties to an appeal. The appellant(s), intervenor(s), and the Deciding Officer.

Responsive statement. A written document prepared by a Deciding Officer that responds to the notice of appeal record by an appellant (§ 251.94).

Reviewing Officer. The officer at the next administrative level above that of the Deciding Officer who conducts appeal proceedings, makes all necessary rulings regarding conduct of an appeal, and issues the appeal decision.

Written instrument or authorization. Any of those kinds of documents listed in § 251.82 of this subpart issued or approved by the Forest Service authorizing an individual, organization or other entity to occupy and use National Forest System lands and resources.

§ 251.82 Appealable decisions.

(a) The rules of this subpart govern appeal of written decisions of Forest Service line officers related to issuance, denial, or administration of the following written instruments to

Forest Service, USDA

§ 251.83

occupy and use National Forest System lands, including but not limited to:

(1) Permits for ingress and egress to intermingled and adjacent private lands across National Forest System lands, 36 CFR 212.8 and 212.10.

(2) Permits and occupancy agreements on National Grasslands and other lands administered under the provisions of title III of Bankhead-Jones Farm Tenant Act issued under 36 CFR 213.3.

(3) Grazing and livestock use permits issued under 36 CFR part 222, subpart A.

(4) Mining plans of operation under 36 CFR part 228, subpart A.

(5) Mining operating plans for the Sawtooth National Recreation Area issued under 36 CFR 292.17 and 292.18.

(6) Permits and agreements regarding mineral materials (petrified wood and common varieties of sand, gravel, stone, pumice, pumicite, cinder, clay and other similar materials) under 36 CFR 228, subpart C.

(7) Permits authorizing exercise of mineral rights reserved in conveyance to the United States issued under 36 CFR part 251, subpart A.

(8) Special use authorizations issued under 36 CFR part 251, subpart B, except, as provided in § 251.60(g), for suspension or termination of easements issued pursuant to 36 CFR 251.53(e) and (e)(1).

(9) Permits for uses in Wilderness Areas issued under 36 CFR 293.3.

(10) Permits to excavate and/or remove archaeological resources issued under the Archaeological Resources Protection Act 1979 and 36 CFR part 296.

(11) Approval/non-approval of Surface Use Plans of Operations related to the authorized use and occupancy of a particular site or area.

(12) Decisions related to the standards for the use, subdivision, and development of privately owned property within the boundaries of the Sawtooth National Recreation Area pursuant to 36 CFR part 292, subpart C.

(b) Written decisions on any of the matters of the type listed in paragraph (a) of this section issued by a Forest Service staff officer with delegated authority to act for a Forest Service line

officer are considered to be decisions of the line officer.

§ 251.83 Decisions not appealable.

The following decisions are not appealable under this subpart:

(a) Decisions appealable to the Agriculture Board of Contract Appeals, USDA, under 7 CFR part 24.

(b) Decisions involving Freedom of Information Act denials under 7 CFR part 1 or Privacy Act determinations under 7 CFR 1.118.

(c) Decisions for which the jurisdiction of another Government agency, the Comptroller General, or a court to hear and settle disputes supersedes that of the Department of Agriculture.

(d) Recommendations of Forest Service line officers to higher ranking Forest Service line officers or to other entities having final authority to implement the recommendation in question.

(e) Decisions appealable under separate administrative proceedings, including, but not limited to, those under 36 CFR 223.117 (Administration of Cooperative for Federal Sustained Yield Units); 7 CFR 21.104 (Eligibility for Recreation Payment of Amount); and 4 CFR part 21 (Bid Protests).

(f) Decisions pursuant to Office of Management and Budget Circular A-76, Performance of Commercial Activities.

(g) Decisions concerning contracts under the Federal Property and Administrative Services Act of 1949, as amended.

(h) Decisions covered by the Contract Disputes Act.

(i) Decisions involving Agency personnel matters.

(j) Decisions where relief sought is reformation of a contract or award of monetary damages.

(k) Decisions made during the preliminary planning process pursuant to 36 CFR part 219 and 40 CFR parts 1500-1508 that precede decisions to implement the proposed action.

(l) Decisions related to National Forest land and resource management plans and projects only reviewable under 36 CFR part 217.

(m) Decisions related to rehabilitation of National Forest System lands

§ 251.84

and recovery of forest resources resulting from natural disasters or other natural phenomena such as wildfires, severe wind, earthquakes, and flooding when the Regional Forester or, in situations of national significance, the Chief of the Forest Service determines and gives notice that good cause exists to exempt such decisions from appeal under this subpart.

(n) Decisions imposing penalties for archaeological violations under 36 CFR 296.15 or for violations of prohibitions and orders under 36 CFR part 261.

(o) Reaffirmation of prior decisions.

§ 251.84 Obtaining notice.

(a) A Deciding Officer shall promptly give written notice of decisions subject to appeal under this subpart to applicants and holders defined in § 251.86 of this subpart and to any holder of like instruments who has made a written request to be notified of a specific decision. The notice shall include a statement of the Deciding Officer's willingness to meet with applicants or holders to hear and discuss any concerns or issues related to the decision (§ 251.93). The notice shall also specify the name of the officer to whom an appeal of the decision may be filed, the address, and the deadline for filing an appeal.

(b) In States with Department of Agriculture certified mediation programs, a Deciding Officer shall also give written notice of the opportunity for the affected term grazing permit holder to request mediation of decisions to suspend or cancel term grazing permits, in whole or in part, pursuant to 36 CFR 222.4(a)(2)(i), (ii), (iv), (v) and (a)(3) through (a)(6). Such notice must inform the permit holder that, if mediation is desired, the permit holder must request mediation as part of the filing of an appeal.

[54 FR 3362, Jan. 23, 1989, as amended at 64 FR 37846, July 14, 1999]

§ 251.85 Election of appeal process.

(a) No decision can be appealed by the same person under both this subpart and part 217 of this chapter.

(b) Should a decision be reviewable under this subpart as well as part 217 of

36 CFR Ch. II (7–1–01 Edition)

this chapter, a party who qualifies to bring an appeal under this subpart can elect which process to use for obtaining review of a decision, but in so doing, the appellant thereby forfeits all right to appeal the same decision under the other review process. However, a holder who waives the right to appeal under the provisions of 36 CFR part 217 may intervene pursuant to 36 CFR 217.6(b).

§ 251.86 Parties.

Only the following may participate in the appeals process provided under this subpart:

(a) An applicant who, in response to a prospectus or written solicitation or other notice by the Forest Service, files a formal written request for a written authorization to occupy and use National Forest System land covered under § 251.82 of this subpart and

(1) Was denied the authorization, or

(2) Was offered an authorization subject to terms and conditions that the applicant finds unreasonable or impracticable.

(b) The signatory(ies) or holder(s) of a written authorization to occupy and use National Forest System land covered under § 251.82 of this subpart who seeks relief from a written decision related to that authorization.

(c) An intervenor as defined in § 251.81 of this subpart.

(d) The Deciding Officer who made the decision being appealed under this subpart.

§ 251.87 Levels of appeal.

(a) *Decisions made by the Chief.* If the Chief of the Forest Service is the Deciding Officer, the appeal is to the Secretary of Agriculture. Review by the Secretary is discretionary. Within 15 calendar days of receipt of a timely notice of appeal, the Secretary shall determine whether or not to review the decision. If the Secretary has not decided to review the Chief's decision by the expiration of the 15-day period, the requester(s) shall be notified by the Secretary's office that the Chief's decision is the final administrative decision of the Department of Agriculture. When the Secretary elects to review an initial decision made by the Chief, the Secretary shall conduct the review in

Forest Service, USDA

§ 251.88

accordance with the first level appeal procedures outlined in this rule.

(b) *Decisions made By Forest Supervisors and Regional Foresters.* Only one level of appeal is available on written decisions by Forest Service line officers below the level of the Chief and above the level of the District Ranger. The levels of available appeal are as follows:

(1) If the decision is made by a Forest Supervisor, the appeal is filed with the Regional Forester;

(2) If the decision is made by a Regional Forester, the appeal is filed with the Chief of the Forest Service.

(c) *Decisions made by the District Ranger.* Two levels of appeal are available for written decisions by District Rangers.

(1) The appeal for initial review is filed with the Forest Supervisor.

(2) The appeal for a second level of review is filed with the Regional Forester within 15 days of the first level appeal decision. Upon receiving such a request, the Regional Forester shall promptly request the first level file from the Forest Supervisor. The review shall be conducted on the existing record and no additional information shall be added to the file.

(d) *Discretionary review of dismissal decisions.* Dismissal decisions rendered by Forest Service line officers pursuant to this part (§251.92) are subject to only one level of discretionary review (§251.100) as follows:

(1) If the Reviewing Officer was the Forest Supervisor, the Regional Forester has discretion to review.

(2) If the Reviewing Officer was the Regional Forester, the Chief has discretion to review.

(3) If the Reviewing Officer was the Chief, the Secretary of Agriculture has discretion to review.

(e) *Discretionary review of appeal decisions.* Appeal decisions rendered by Regional Foresters and the Chief pursuant to this part are subject to only one level of discretionary review as follows:

(1) If the Reviewing Officer is the Regional Forester, the Chief of the Forest Service has discretion to review.

(2) If the Reviewing Officer is Chief, the Secretary of Agriculture has discretion to review.

(3) A Regional Forester's decision on a second-level appeal constitutes the final administrative determination of the Department of Agriculture on the appeal and is not subject to further review by a higher level officer under this subpart.

[54 FR 3362, Jan. 23, 1989, as amended at 54 FR 34510, Aug. 21, 1989]

§ 251.88 Filing procedures.

(a) *Filing procedures.* In order to appeal a decision under this subpart, an appellant must:

(1) File a notice of appeal in accordance with §251.90 of this subpart with the next higher line officer as identified in §251.87.

(2) File the notice of appeal within 45 days of the date on the notice of the written decision being appealed (§251.84); and

(3) Simultaneously send a copy of the notice of appeal to the Deciding Officer.

(b) *Evidence of timely filing.* It is the responsibility of those filing an appeal to file the notice of appeal by the end of the filing period. In the event of questions, legible postmarks will be considered evidence of timely filing. Where postmarks are illegible, the Reviewing Officer shall rule on the timeliness of the notice of appeal. Untimely submissions are subject to dismissal as provided for in §251.92(a)(2).

(c) *Computation of time period for filing.* (1) The time period for filing a notice of appeal of a decision under this subpart begins on the first day after the Deciding Officer's written notice of the decision. All other time periods applicable to this subpart also will be computed to begin on the first day following an event or action related to the appeal.

(2) Time periods applicable to this subpart are computed using calendar days. Saturdays, Sundays, or Federal holidays are included in computing the time allowed for filing an appeal; however, when the filing period would expire on a Saturday, Sunday, or Federal holiday the filing time is extended to the end of the next Federal working day.

§ 251.89 Time extensions.

(a) *Filing of notice of appeal.* Time for filing a notice of appeal is not extendable.

(b) *All other time periods.* Appellants, Intervenor, Deciding Officers, and Reviewing Officers shall meet the time periods specified in the rules of this subpart, unless a Reviewing Officer has extended the time as provided in this paragraph. Except as noted in paragraph (a) of this section and as prohibited at the discretionary review level (§ 251.100), the Reviewing Officer may extend all other time periods under this subpart.

(1) For appeals of initial written decisions by the Chief, a Regional Forester, or a Forest Supervisor, a Reviewing Officer, where good cause exists, may grant a written request for extension of time to file a responsive statement or replies thereto. The Reviewing Officer shall rule on requests for extensions within 10 days of receipt of the request and shall provide written notice of the extension ruling to all parties to the appeal.

(2) Except for discretionary reviews of appeal decisions as provided in § 251.100 of this subpart, a Reviewing Officer may extend the time period for issuance of the appeal decision, including for purposes of allowing additional time for the Deciding Officer to resolve disputed issues, as provided in § 251.93 of this subpart.

[54 FR 3362, Jan. 23, 1989, as amended at 54 FR 34510, Aug. 21, 1989]

§ 251.90 Content of notice of appeal.

(a) It is the responsibility of an appellant to provide a Reviewing Officer sufficient narrative evidence and argument to show why a decision by a lower level officer should be reversed or changed.

(b) An appellant must include the following information in a notice of appeal:

(1) The appellant's name, mailing address, and daytime telephone number;

(2) The title or type of written instrument involved, the date of application for or issuance of the written instrument, and the name of the responsible Forest Service Officer;

(3) A brief description and the date of the written decision being appealed;

(4) A statement of how the appellant is adversely affected by the decision being appealed;

(5) A statement of the facts of the dispute and the issue(s) raised by the appeal;

(6) Specific references to any law, regulation, or policy that the appellant believes to be violated and the reason for such an allegation.

(7) A statement as to whether and how the appellant has tried to resolve the issue(s) being appealed with the Deciding Officer, the date of any discussion, and the outcome of that meeting or contact; and

(8) A statement of the relief the appellant seeks.

(c) An appellant may also include one or more of the following in a notice of appeal: a request for oral presentation (§ 251.97); a request for stay of implementation of the decision pending decision on the appeal (§ 251.91); or, in those States with a Department of Agriculture certified mediation program, a request for mediation of grazing permit cancellation or suspensions pursuant to § 251.103.

[54 FR 3362, Jan. 23, 1989; 54 FR 13807, Apr. 5, 1989, as amended at 54 FR 34510, Aug. 21, 1989; 64 FR 37846, July 14, 1999]

§ 251.91 Stays.

(a) A decision may be implemented during the appeal process, unless the Reviewing Officer grants a stay or unless a term grazing permit holder appeals a decision and simultaneously requests mediation pursuant to § 251.103. In the case of mediation requests, a stay is granted automatically upon receipt of the notice of appeal for the duration of the mediation period as provided in § 251.103.

(b) An appellant or intervenor may request a stay of a decision at any time while an appeal is pending, if the harmful effects alleged pursuant to paragraph (c)(3) of this section would occur during pendency of the appeal. The Reviewing Officer shall not accept any request to stay implementation of a decision that is not scheduled to begin during pendency of the appeal.

(c) To request a stay of decision, an appellant or intervenor must—

Forest Service, USDA

§ 251.92

(1) File a written request with the Reviewing Officer;

(2) Simultaneously send a copy of the stay request to any other appellant(s), to intervenor(s), and to the Deciding Officer.

(3) Provide a written justification of the need for a stay, which at a minimum includes the following:

(i) A description of the specific project(s), activity(ies), or action(s) to be stopped.

(ii) Specific reasons why the stay should be granted in sufficient detail to permit the Reviewing Officer to evaluate and rule upon the stay request, including at a minimum:

(A) The specific adverse effect(s) upon the requester;

(B) Harmful site-specific impacts or effects on resources in the area affected by the activity(ies) to be stopped, and

(C) How the cited effects and impacts would prevent a meaningful decision on the merits.

(d) A Deciding Officer and other parties to an appeal may provide the Reviewing Officer with a written response to a stay request. A copy of any response must be sent to all parties to the appeal.

(e) *Timeframe.* The Reviewing Officer must rule on a stay request no later than 10 calendar days from receipt.

(f) *Criteria to consider.* In deciding a stay request, a Reviewing Officer shall consider:

(1) Information provided by the requester pursuant to paragraph (c) of this section including the validity of any claim of adverse effect on the requester;

(2) The effect that granting a stay would have on preserving a meaningful appeal on the merits;

(3) Any information provided by the Deciding Officer or other party to the appeal in response to the stay request; and

(4) Any other factors the Reviewing Officer considers relevant to the decision.

(g) *Notice of decision on a stay request.* A Reviewing Officer must issue a written decision on a stay request.

(1) If a stay is granted, the stay shall specify the specific activities to be

stopped, duration of the stay, and reasons for granting the stay.

(2) If a stay is denied in whole or in part, the decision shall specify the reasons for the denial.

(3) A copy of a decision on a stay request shall be sent to all parties to the appeal.

(h) *Duration.* A stay shall remain in effect for the 15-day period for determining discretionary review (§251.100), unless changed by the Reviewing Officer in accordance with paragraph (i) of this section.

(i) *Change in a stay.* A Reviewing Officer may change a stay decision in accordance with any terms established in the stay decision itself or at any time during pendency of an appeal that circumstances support a change of stay. In making any changes to a stay decision, the Reviewing Officer must issue a written notice to all parties to the appeal explaining the reason for making the changes and setting forth any terms or conditions that apply to the change.

(j) *Petitions to change a stay.* An appellant or intervenor may petition a Reviewing Officer to change or lift a stay at any time during the pendency of an appeal. Such petitions must be in writing, must explain how circumstances have changed since the stay was imposed, and must state why the change in the stay is being requested. The petitioner must send a copy of the petition to all parties to the appeal.

(k) *Appeal of stay decision or changes in stay.* A Reviewing Officer's decision to grant, deny, lift, or otherwise change a stay is not subject to further appeal and review, except when the first-level Reviewing Officer was the Forest Supervisor. In this instance, the Regional Forester has discretion to review.

[54 FR 3362, Jan. 23, 1989, as amended at 54 FR 34510, Aug. 21, 1989; 64 FR 37846, July 14, 1999]

§ 251.92 Dismissal.

(a) The Reviewing Officer shall dismiss an appeal and close the record without a decision on the merits when:

(1) The appellant is not eligible to appeal a decision under this subpart.

§ 251.93

36 CFR Ch. II (7–1–01 Edition)

(2) Appellant's notice of appeal is not filed within the required time period, or the notice of appeal fails to meet the minimum requirements of § 251.90 of this subpart to such an extent that the Reviewing Officer lacks adequate information on which to base a decision.

(3) In cases where there is only one appellant, the appellant withdraws the appeal.

(4) The requested relief cannot be granted under existing law, fact, or regulation.

(5) The decision is excluded from appeal under this subpart (§ 251.83).

(6) The Deciding Officer has withdrawn the decision under appeal.

(7) A request for review of the same decision has been filed by the same person under part 217 of this chapter.

(8) A mediated agreement is reached (§ 251.103).

(b) The Reviewing Officer shall give written notice of dismissal that includes an explanation of why the appeal is dismissed.

(c) A Reviewing Officer's dismissal decision is subject to discretionary review at the next administrative level as provided for in § 251.87(d), except when a dismissal decision results from withdrawal of an appeal by an appellant, withdrawal of the initial decision by the Deciding Officer, or a mediated resolution of the dispute.

[54 FR 3362, Jan. 23, 1989, as amended at 55 FR 7896, Mar. 6, 1990; 64 FR 37846, July 14, 1999]

§ 251.93 Resolution of issues.

(a) Authorized Forest Service officers shall, to the extent practicable and consistent with the public interest, consult and meet in person, or by phone, with holders of written instruments prior to issuing written decisions related to administration of a written authorization. The purpose of such meetings is to discuss any issues or concerns related to the authorized use and to reach a common understanding and agreement where possible prior to issuance of a written decision.

(b) When decisions are appealed, the Deciding Officer may discuss the appeal with the appellant(s) and intervenor(s) together or separately to narrow issues, agree on facts, and explore opportunities to resolve the issues by

means other than review and decision on the appeal, including mediation pursuant to § 251.103. At the request of the Deciding Officer, the Reviewing Officer may extend the time period to allow for meaningful negotiations, except for appeals under review at the discretionary level. In the event of mediation of a grazing dispute under § 251.103, the Reviewing Officer may extend the time for mediation only as provided in § 251.103.

(c) The Deciding Officer has the authority to withdraw a decision, in whole or in part, during the appeal. Where a Deciding Officer decides to withdraw a decision, all parties to the appeal and the Reviewing Officer must receive written notice.

[54 FR 3362, Jan. 23, 1989, as amended at 54 FR 34510, Aug. 21, 1989; 64 FR 37846, July 14, 1999]

§ 251.94 Responsive statement.

(a) *Content.* A responsive statement contains the Deciding Officer's response to the specific facts or issues of law or regulation and the requested relief set forth by the appellant in the notice of appeal.

(b) *Timeframe.* Unless the Reviewing Officer has granted an extension or dismissed the appeal, or unless mediation has been requested under this subpart, the Deciding Officer shall prepare a responsive statement and send it to the Reviewing Officer and all parties to the appeal within 30 days of receipt of the notice of appeal. Where mediation occurs but fails to resolve the issues, the Deciding Officer shall prepare a responsive statement and send it to the Reviewing Officer and all parties to the appeal within 30 days of the reinstatement of the appeal timeframes (§ 251.103(c)).

(c) *Replies.* Within 20 days of the post-marked date of the responsive statement, the appellant(s) and any intervenor(s) may file a written reply to the responsive statement with the Reviewing Officer. Appellants and intervenors must send a copy of any reply to a responsive statement to all parties to the appeal, including the Deciding Officer.

[54 FR 3362, Jan. 23, 1989, as amended at 64 FR 37846, July 14, 1999]

§ 251.95 Authority of reviewing officer.

(a) *Discretion to establish procedures.* A Reviewing Officer may issue such procedural orders as deemed appropriate to ensure orderly, expeditious, and fair conduct of an appeal providing they are consistent with other provisions of this part.

(1) In appeals involving intervenors, the Reviewing Officer may prescribe special procedures to conduct the appeal.

(2) All parties to an appeal shall receive notice of any orders or decisions on the conduct of the appeal.

(3) Orders and determinations governing the conduct of an appeal are not subject to appeal and further review.

(b) *Consolidation of appeals.* A Reviewing Officer may consolidate multiple appeals of the same decision, or of similar decisions involving common issues of fact or law and issue one appeal decision. Similarly, a Reviewing Officer may issue one decision in cases involving separate reviews filed pursuant to 36 CFR part 217 and under this part when the decision at issue is the same decision. In such case, the Reviewing Officer shall give notice to all parties to multiple appeals.

(1) A decision to consolidate appeals is not subject to appeal and further review.

(2) At the discretion of the Reviewing Officer, the Deciding Officer may prepare one responsive statement to multiple appeals.

(c) *Requests for additional information.* Except in discretionary review conducted pursuant to § 251.100 and second level appeals of decisions made by the District Ranger pursuant to § 251.87(c) of this subpart, the Reviewing Officer may ask any party to an appeal for additional information as deemed necessary to decide the appeal. Such requests will be limited to obtaining and evaluating information needed to clarify issues raised. The Reviewing Officer shall notify all parties of the request for information, provide it to all parties, give opportunity to comment, and extend time periods if necessary to allow for submission of the information.

[54 FR 3362, Jan. 23, 1989, as amended at 54 FR 34510, Aug. 21, 1989; 55 FR 7896, Mar. 6, 1990]

§ 251.96 Intervention.

(a) A request to intervene in an appeal may be made at any time prior to the closing of the appeal record (§ 251.98) at the first level of appeal (§ 251.87). Requests to intervene in an appeal at the discretionary review level (§ 251.87(d)) shall be denied.

(b) To request intervention in a first-level appeal under this subpart, a party, at a minimum, must:

(1) Submit a written petition to intervene to the Reviewing Officer,

(2) Be, as defined at § 251.81 of this subpart, an applicant for or holder of a written instrument issued by the Forest Service that is the subject of or affected by the appeal, and have an interest that could be directly affected by a decision on the appeal, and

(3) Show, in the request for intervention, how the decision on the appeal would directly affect petitioner's interests.

(c) The Reviewing Officer determines whether a party requesting intervention meets the requirements of paragraph (a) of this section. In granting intervention, the Reviewing Officer must give notice to all other parties to the appeal.

(d) A granting or denial of intervention is not subject to appeal to a higher level.

(e) Appellants and intervenors must concurrently furnish copies of all submissions to each other as well as the Deciding Officer. Failure to provide each other copies may result in removal of a submission from the appeal record. At the discretion of the Reviewing Officer, appellants may be given additional time to review and comment on initial submissions by intervenors.

(f) An intervenor cannot continue an appeal if the appellant withdraws the appeal.

§ 251.97 Oral presentation.

(a) *Purpose.* An oral presentation provides an additional opportunity for an appellant, and other parties to an appeal, to present their viewpoints to the

§ 251.98

36 CFR Ch. II (7–1–01 Edition)

Reviewing Officer. The purpose is to restate, emphasize, and/or clarify information related to an appeal. Oral presentations are to be conducted in an informal manner and shall not be subject to formal rules of procedure such as those applicable to judicial proceedings.

(b) *Requests.* Only an appellant may request and be granted an oral presentation. An appellant may request an oral presentation at any time prior to closing of the appeal record (§ 251.98). A Reviewing Officer shall automatically grant an oral presentation if the appellant requested the presentation as part of the notice of appeal.

(c) *Participation.* At the discretion of the Reviewing Officer, oral presentations may be open to public attendance, but participation is limited to parties to the appeal. The Reviewing Officer shall advise all parties to the appeal, including the Deciding Officer, of the place, time, and date of the oral presentation, and how the oral presentation will be conducted. All parties to an appeal shall be invited to participate. Appellants and intervenors must bear any expense involved in making an oral presentation in person or by telephone.

(d) *Limitation.* Oral presentations shall be held only at the first level of appeal (§ 251.87(b)).

§ 251.98 Appeal record.

The following rules apply only to the appeal record for appeals at the first level (§ 251.87 (a), (b)):

(a) It is the responsibility of the Reviewing Officer to maintain in one location the documents related to the appeal.

(b) The record consists of the documents filed with the Reviewing Officer including, but not limited to, the notice of appeal, responsive statement, replies to submissions by various parties to the appeal, orders and determinations made on the conduct of the appeal, and correspondence.

(c) The Reviewing Officer has discretion to remove from the record documents that were not sent to all parties to an appeal.

(d) Unless the Reviewing Officer has ordered otherwise, the appeal record closes with the expiration of the time

period for filing of the reply(ies) to the responsive statement, or at the conclusion of an oral presentation, if there is one. The Reviewing Officer shall notify all parties to an appeal of the closure of the record.

(e) The appeal record is open to public inspection.

(f) In appeals involving initial decisions of the Chief (§ 251.87(a)), the establishment of an administrative record as defined in paragraph (a) of this section shall not begin unless the Secretary elects to review the appeal. Except for the initial notice of appeal, any filings made previous to the Secretary's election to review will not be accepted.

[54 FR 3362, Jan. 23, 1989, as amended at 54 FR 34510, Aug. 21, 1989]

§ 251.99 Appeal decision.

(a) The Reviewing Officer shall base the appeal decision on the appeal record and applicable laws, regulations, orders, policies, and procedures.

(b) The Reviewing Officer shall affirm or reverse the original decision whole or in part and include the reason(s) for the decision. The Reviewing Officer may also include in the appeal decision instructions for further action by the Deciding Officer.

(c) At the first level of appeal, the Reviewing Officer shall make and issue an appeal decision within 30 days of the date the record is closed.

(d) At the second level of appeal provided in § 251.87(c), the Reviewing Officer shall make and issue an appeal decision within 30 days of the date the record is received from the first level Reviewing Officer.

(e) The Reviewing Officer shall send a copy of all appeal decisions to all participants.

(f) Unless the next higher officer exercises the discretion to review an appeal decision as provided in §§ 251.87(e) and 251.100 of this subpart, the appeal decision is the final administrative decision of the Department of Agriculture and is not subject to further review under this subpart or part 217 of this chapter.

[54 FR 3362, Jan. 23, 1989, as amended at 54 FR 34510, Aug. 21, 1989]

§ 251.100 Discretionary review.

(a) Petitions or requests for discretionary review shall not, in and of themselves, give rise to a decision to exercise discretionary review. In electing to exercise discretion, a Reviewing Officer should consider, but is not limited to, such factors as controversy surrounding the decision, the potential for litigation, and whether the appeal decision is precedential in nature or establishes new policy.

(b) As provided for in §§ 251.87(d) and (e), 251.91(k), and 251.92, stay decisions rendered by a Forest Supervisor, certain dismissal decisions rendered by Forest Service line officers, and first-level appeal decisions rendered by Regional Foresters and the Chief (§ 251.99), are subject to discretionary review at the next highest administrative level. Within one day following the date of a decision subject to such discretionary review, the Reviewing Officer shall forward a copy of the decision and the initial decision upon which the appeal is predicated to the next higher officer.

(c) The next higher level officer shall have 15 calendar days from date of receipt to decide whether or not to review an appeal decision and may call for or use the appeal record in deciding whether or not to review the appeal decision. If the record is requested, the 15-day period is suspended at that point. The lower level Reviewing Officer shall forward it within 5 days of the request. Upon receipt, the higher level officer shall have 15 days to decide whether or not to review the lower level decision. If that officer takes no action by the expiration of the discretionary review period, appellants shall be notified by the discretionary level officer that the appeal decision of the Reviewing Officer stands as the final administrative review decision of the Department of Agriculture.

(d) When an official exercises the discretion in § 251.87(d) or § 251.87(e) of this subpart to review a dismissal or appeal decision, the discretionary review shall be made on the existing appeal record and the lower level Reviewing Officer's appeal decision. The record shall not be reopened to accept additional submissions from any source, including the Reviewing Officer whose appeal decision is being reviewed.

(e) When an official exercises discretion to review an appeal decision, a Reviewing Officer may extend a stay, in whole or in part, during pendency of the discretionary review.

(f) The second level Reviewing Officer shall conclude the review within 30 days of the date of notice issued to an appellant that the lower level decision will be reviewed.

(g) If a discretionary review decision is not issued by the end of the 30-day review period, appellants and intervenors shall be deemed to have exhausted their administrative remedies for purposes of judicial review. In such case, appellants, intervenors, and the lower level Reviewing Officer shall be notified by the discretionary level officer.

(h) The Reviewing Officer shall provide a copy of the decision to all appellants, intervenors, the Deciding Officer, and the lower level Reviewing Officer.

[54 FR 3362, Jan. 23, 1989, as amended at 54 FR 34510, Aug. 21, 1989; 55 FR 7896, Mar. 6, 1990]

§ 251.101 Policy in event of judicial proceedings.

It is the position of the Department of Agriculture that any filing for Federal judicial review of and relief from a decision appealable under this subpart is premature and inappropriate, unless the appellant has first sought to resolve the dispute by invoking and exhausting the procedures of this subpart. This position may be waived only upon a written finding by the Chief.

§ 251.102 Applicability and effective date.

(a) Except where applicants or holders elect the decision review procedures of part 217 of this chapter, appealable decisions arising from the issuance, approval, and administration of written instruments authorizing occupancy and use of National Forest System lands made on or after February 22, 1989, shall be subject to the procedures of this part.

(b) Decisions made before February 22, 1989, arising from the issuance, approval, and administration of written instruments authorizing occupancy and use of National Forest System

§ 251.103

lands shall be subject to appeal under the provisions of 36 CFR 211.18.

§ 251.103 Mediation of term grazing permit disputes.

(a) *Decisions subject to mediation.* In those States with Department of Agriculture certified mediation programs, any holder of a term grazing permit may request mediation, if a Deciding Officer issues a decision to suspend or cancel a term grazing permit, in whole or in part, as authorized by 36 CFR 222.4 (a)(2)(i), (ii), (iv), (v), and (a)(3) through (a)(6).

(b) *Parties.* Notwithstanding the provisions addressing parties to an appeal at § 251.86, only the following may participate in mediation of term grazing permit disputes under this section:

(1) A mediator authorized to mediate under a Department of Agriculture State certified mediation program:

(2) The Deciding Officer who made the decision being mediated, or designee;

(3) The holder whose term grazing permit is the subject of the Deciding Officer's decision and who has requested mediation in the notice of appeal;

(4) The holder's creditors, if applicable; and

(5) Legal counsel, if applicable. The Forest Service will have legal counsel participate only if the permittee choose to have legal counsel.

(c) *Timeframe.* When an appellant simultaneously requests mediation at the time an appeal is filed (§ 251.84), the Reviewing Officer shall immediately notify, by certified mail, all parties to the appeal that, in order to allow for mediation, the appeal is suspended for 45 calendar days from the date of the Reviewing Officer's notice. If agreement has not been reached at the end of 45 calendar days, but it appears to the Deciding Officer that a mediated agreement may soon be reached, the Reviewing Officer may notify, by certified mail, all parties to the appeal that the period for mediation is extended for a period of up to 15 calendar days from the end of the 45-day appeal suspension period. If a mediated agreement cannot be reached under the specified timeframes, the Reviewing Officer

36 CFR Ch. II (7–1–01 Edition)

shall immediately notify, by certified mail, all parties to the appeal that mediation was unsuccessful, that the stay granted during mediation is lifted, and that the timeframes and procedures applicable to an appeal (§ 251.89) are reinstated as of the date of such notice.

(d) *Confidentiality.* Mediation sessions shall be confidential; moreover, dispute resolution communications, as defined in 5 U.S.C. 571(5), shall be confidential. However, the final agreement signed by the Forest Service official and the permit holder is subject to public disclosure.

(e) *Records.* Notes taken or factual material received during mediation sessions are not to be entered as part of the appeal record.

(f) *Cost.* The United States Government shall cover only incurred expenses of its own employees in mediation sessions.

(g) *Ex parte communication.* Except to request a time extension or communicate the results of mediation pursuant to paragraph (d) of this section, the Deciding Officer, or designee, shall not discuss mediation and/or appeal matters with the Reviewing Officer.

Subpart D—Access to Non-Federal Lands

SOURCE: 56 FR 27417, June 14, 1991, unless otherwise noted.

§ 251.110 Scope and application.

(a) The regulations in this subpart set forth the procedures by which landowners may apply for access across National Forest System lands and the terms and conditions that govern any special use or other authorization that is issued by the Forest Service to permit such access.

(b) These regulations apply to access across all National Forest System lands, including Congressionally designated areas, and supplement the regulations in subpart B of this part, and in parts 212 and 293 of this chapter. The regulations of this subpart do not affect rights-of-way established under authority of R.S. 2477 (43 U.S.C. 932); rights-of-way transferred to States

under 23 U.S.C. 317; access rights outstanding in third parties at the time the United States acquired the land; or the rights reserved in conveyances to the United States and in other easements granted by an authorized officer of the Forest Service. Except for the aforementioned rights-of-way, currently valid special-use authorizations will become subject to the rules of this subpart upon expiration, termination, reversion, modification, or reauthorization.

(c) Subject to the terms and conditions contained in this part and in parts 212 and 293 of this chapter, as appropriate, landowners shall be authorized such access as the authorized officer deems to be adequate to secure them the reasonable use and enjoyment of their land.

(d) In those cases where a landowner's ingress or egress across National Forest System lands would require surface disturbance or would require the use of Government-owned roads, trails, or transportation facilities not authorized for general public use, the landowner must apply for and receive a special-use or road-use authorization documenting the occupancy and use authorized on National Forest System lands or facilities and identifying the landowner's rights, privileges, responsibilities, and obligations.

(e) Where ingress and egress will require the use of existing Government-owned roads, trails, or other transportation facilities which are open and available for general public use, use by the landowner shall be in accordance with the provisions of part 212 of this chapter.

(f) The rules of this subpart do not apply to access within conservation system units in Alaska which are subject to title XI of the Alaska National Interest Lands Conservation Act (16 U.S.C. 3101), except for access to inholdings authorized by section 1110(b) of that Act.

(g) Where there is existing access or a right of access to a property over non-National Forest land or over public roads that is adequate or that can be made adequate, there is no obligation to grant additional access through National Forest System lands.

§ 251.111 Definitions.

In addition to the definitions in subpart B of this part, the following terms apply to this subpart:

Access means the ability of landowners to have ingress and egress to their lands. It does not include rights-of-way for power lines or other utilities.

Adequate access means a route and method of access to non-Federal land that provides for reasonable use and enjoyment of the non-Federal land consistent with similarly situated non-Federal land and that minimizes damage or disturbance to National Forest System lands and resources.

Congressionally designated area means lands which are within the boundaries of a component of the National Wilderness Preservation System, National Wild and Scenic River System, National Trails System, and also National Monuments, Recreation, and Scenic Areas within the National Forest System, and similar areas designated by Federal statute.

Landowner(s) means the owner(s) of non-Federal land or interests in land within the boundaries of the National Forest System.

§ 251.112 Application requirements.

(a) A landowner shall apply for access across National Forest System lands in accordance with the application requirements of § 251.54 of this part. Such application shall specifically include a statement of the intended mode of access to, and uses of, the non-Federal land for which the special-use authorization is requested.

(b) The application shall disclose the historic access to the landowner's property and any rights of access which may exist over non-federally owned land and shall provide reasons why these means of access do not provide adequate access to the landowners property.

(c) The information required to apply for access across National Forest lands under this subpart is approved for use under subpart B of this part and assigned OMB control number 0596-0082.

§251.113 Instrument of authorization.

To grant authority to construct and/or use facilities and structures on National Forest System lands for access to non-Federal lands, the authorized officer shall issue a special-use authorization in conformance with the provisions of subpart B of this part or a road-use permit. In cases where Road Rights-of-way Construction And Use Agreements are in effect, the authorized officer may grant an easement in accordance with the provisions of part 212 of this chapter.

§251.114 Criteria, terms and conditions.

(a) In issuing a special-use authorization for access to non-Federal lands, the authorized officer shall authorize only those access facilities or modes of access that are needed for the reasonable use and enjoyment of the land and that minimize the impacts on the Federal resources. The authorizing officer shall determine what constitutes reasonable use and enjoyment of the lands based on contemporaneous uses made of similarly situated lands in the area and any other relevant criteria.

(b) Landowners must pay an appropriate fee for the authorized use of National Forest System lands in accordance with §251.57 of this part.

(c) A landowner may be required to provide a reciprocal grant of access to the United States across the landowner's property where such reciprocal right is deemed by the authorized officer to be necessary for the management of adjacent Federal land. In such case, the landowner shall receive the fair market value of the rights-of-way granted to the United States. If the value of the rights-of-way obtained by the Government exceeds the value of the rights-of-way granted, the difference in value will be paid to the landowner. If the value of the rights-of-way across Government land exceeds the value of the rights-of-way across the private land, an appropriate adjustment will be made in the fee charged for the special-use authorization as provided in §251.57(b)(5) of this part.

(d) For access across National Forest System lands that will have significant non-Forest user traffic, a landowner may be required to construct new roads

or reconstruct existing roads to bring the roads to a safe and adequate standard. A landowner also may be required to provide for the operation and maintenance of the road. This may be done by arranging for such road to be made part of the local public road system, or formation of a local improvement district to assume the responsibilities for the operation and maintenance of the road as either a private road or as a public road, as determined to be appropriate by the authorizing officer.

(e) When access is tributary to or dependent on forest development roads, and traffic over these roads arising from the use of landowner's lands exceeds their safe capacity or will cause damage to the roadway, the landowner(s) may be required to obtain a road-use permit and to perform such reconstruction as necessary to bring the road to a safe and adequate standard to accommodate such traffic in addition to the Government's traffic. In such case, the landowner(s) also shall enter into a cooperative maintenance arrangement with the Forest Service to ensure that the landowner's commensurate maintenance responsibilities are met or shall make arrangements to have the jurisdiction and maintenance responsibility for the road assumed by the appropriate public road authority.

(f) In addition to ensuring that applicable terms and conditions of paragraphs (a) through (e) of this section are met, the authorizing officer, prior to issuing any access authorization, must also ensure that:

(1) The landowner has demonstrated a lack of any existing rights or routes of access available by deed or under State or common law;

(2) The route is so located and constructed as to minimize adverse impacts on soils, fish and wildlife, scenic, cultural, threatened and endangered species, and other values of the Federal land;

(3) The location and method of access is as consistent as reasonably possible with the management of any congressionally designated area and is consistent with Forest Land and Resource Management Plans or the plans are amended to accommodate the access grant, and;

Forest Service, USDA

§ 254.1

(4) When access routes exist across the adjacent non-Federal lands or the best route as determined by the authorizing officer is across non-Federal lands, the applicant landowner has demonstrated that all legal recourse to obtain reasonable access across adjacent non-Federal lands has been exhausted or has little chance of success.

(g) In addition to the other requirements of this section, the following factors shall be considered in authorizing access to non-federally owned lands over National Forest System lands which are components of the National Wilderness Preservation System:

(1) The use of means of ingress and egress which have been or are being customarily used with respect to similarly situated non-Federal land used for similar purposes;

(2) The combination of routes and modes of travel, including non-motorized modes, which will cause the least lasting impact on the wilderness but, at the same time, will permit the reasonable use of the non-federally owned land;

(3) The examination of a voluntary acquisition of land or interests in land by exchange, purchase, or donation to modify or eliminate the need to use wilderness areas for access purposes.
